- **Arrival and Departure**
 - Students are to arrive at school no earlier than 7:00 a.m. and report to the cafeteria for breakfast or to the commons until 7:15 a.m. otherwise. Students are to be out of the building by 3:00 p.m. each day. Exceptions to these times are athletic practices or other extracurricular activity practice. There may also be periods of time during the school year where the facility is opened earlier, those situations will be determined as deemed necessary by administration.
- **Lunch**
 - HMS has a closed lunch period. Checking a student out for lunch counts against his/her classroom attendance.
- **Absences**

- **Change of Address or Telephone**
 - Inform the main office of any address or telephone number changes immediately. The office must maintain current information in the event of an emergency.
- **Parent-Teacher Conferences**
 - Conferences will be conducted on the same dates with similar schedules for the elementary and middle schools, with the high school being slightly different. Please refer to the district's school calendar for scheduled fall and spring conferences.
- **Telephone**
 - Due to the overwhelming number of calls the office receives, we request that you please make all arrangements with your child prior to school. In the event of an emergency, to be determined by the administration, it is possible that a message may be delivered to your child. HMS will not impede the educational process and call your child out of class to take a telephone call.

Welcome Hawks!

On behalf of the teachers and staff of Haysville Middle School, I would like to welcome you to a new school year. We recognize that this is both an exciting and challenging time for you as you develop interests, attitudes, and personal standards that will direct your behavior in the years ahead. We want to provide you with the best education that we can; however, this cannot be done without your help. One way you can help is by accepting responsibility for your education by making a commitment to attend school daily, completing assignments on time, and behaving appropriately. In doing so, you are also making your transition from the grade school to the secondary setting a successful one.

The first step in accepting this responsibility is to become familiar with this agenda book. It provides information on rules, procedures, activities and services at our school. I encourage you to read this handbook carefully and discuss it with your parents. **All students and parent/guardians are responsible for knowing the contents of this handbook.** We also believe the student agenda is a valuable study skills tool. By consistently using the agenda book daily to record assignments, projects, and tasks, you will find yourself more successful with the academic challenges you will face.

We want your time with us at the middle school to be enjoyable as well as educational. Our concern for you goes beyond your academic success, so if there is any way we can be of assistance to you throughout the upcoming school year, please let us know.

Respectfully,

(For the most part, School Messenger is used to contact parents of children absent at specific times throughout the school day)

Significant Part of a School Day

An absence of four or more hours in any school day shall be considered an absence for a significant part of the school day.

Make-Up Work

It is the student's responsibility to obtain make-up assignments from teachers following an excused or unexcused absence.

BOE Approved KASB Recommendation: June 20, 2016

An absence is simply a loss of the opportunity to gain the knowledge for that specific day. Regardless of the reason, if your child is not in attendance, they miss out on the educational opportunity being presented. It is critical, that your child is in school.

Activities

An athletic director is available for scheduling and organizing athletic events and related school-sponsored activities. The athletic director also has the necessary form and information concerning student participation and eligibility for interschool athletics and academic competitions. A well-rounded program of activities is available for grades 7 and 8. In order to be eligible to participate in school activities an individual must:

- Demonstrate satisfactory work in all subject matters and be in good standing.
- Demonstrate proper conduct in and out of school. Your sponsor will explain to you the specific requirements as to proper conduct and citizenship.
- Have on file in the office a completed physical form, (may be obtained at www.usd261.com) provided by the Kansas State High School Activities Association and signed by both a doctor and a parent. Physical exams must occur after May 1 each year to be valid for the following school year.

Attending activities is considered to be a privilege. Students, who are asked to leave a school-sponsored activity for violations of any nature, may not be allowed to attend future events.

Activity/Athletic Trips

All students who ride the bus on activity and/or athletic trips must return on the bus. Any exceptions must be cleared through the athletic director 24 hours prior to the activity. If the activity should fall on a Monday, notice needs to be given to the athletic director on the previous Friday. Parents must also make contact with the coach after the game to pick up their student. No exceptions can be, nor will be made to the provision that all participants must ride district provided transportation to the event in question. All students who do ride the bus back to school must be picked up at the school within 30 minutes of arriving at school. Any student that has been suspended from the bus by the transportation department may not participate in any school activity that requires bus transportation.

Agenda Books

All teachers require students to have their HMS agenda book with them and use it daily. The agenda book is a requirement. The agenda book, a learning and organizational tool, is intended to enhance academic performance. The agenda book also contains the Parent/Student Handbook. Students whose clothing violates the district racial harassment and intimidation policy will receive a three day out-of-school suspension for the first infraction, three to five day out-of-school suspension with a possible expulsion hearing for the second offense, and suspension from school pending an expulsion hearing for a third violation.

Drills

Tornado, fire, other crisis, and building evacuation drills are held on a regular basis for students' safety. The school follows established procedures from the state fire marshal's office and the district crisis plan for these drills.

In the event of an actual emergency, parents/guardians may pick up your child at the designated evacuation site outlined in your school's information packet. We will not release children to other adults or by telephone calls from parents.

Critical Incident Drills:

Standard Response Protocol

➤ Student Safety

- A critical ingredient in the safe school recipe is the classroom response to an incident at school. Weather events, fire, accidents, intruders and other threats to student safety are scenarios that are planned and trained for by students, teachers, staff and administration.

➤ SRP

- Our school is expanding the safety program to include the Standard Response Protocol (SRP). The SRP is based on these four actions. Lockout, Lockdown, Evacuate and Shelter. In the event of an emergency, the action and appropriate directions will be called on the PA.

➤ Lockout – "Secure the Perimeter"

➤ Lockdown – "Locks, Lights, Out of Sight"

➤ Evacuate – "To the Announced Location"

➤ Shelter – "For a Hazard Using Safety Strategy"

➤ Hold! – In your classroom, Clear the halls.

- All drills will be preceded by an announcement of such drill no earlier than five minutes prior to the drill. In the event an announcement is not made, this is an indication to the staff and students that the opportunity at hand is real. If not, then an announcement after the fact will be made informing building occupants that the alarm sounding is a drill.

Fire Drills:

➤ All personnel and students will participate in all fire drills.

➤ Drills will be held at regular intervals during the school year.

- Fire drills will be preceded by an announcement of such drill no earlier than five minutes prior to the drill. In the event an announcement is not made, this is an indication to the staff and students that the opportunity at hand is real. If not, then an announcement after the fact will be made informing building occupants that the alarm sounding is a drill.

➤ If a stairway or door is blocked, use the alternate route as assigned.

➤ At the sound of the fire alarm, students will leave all work immediately. All books and notebooks will be left on desks.

➤ When fire drills occur, the safety of the occupants of the building should be considered above all else. Everyone should move at least 100 feet away from the building.

➤ The teacher will be responsible for closing the classroom door and windows in addition to turning out all lights when the last student has made his/her exit. All teachers should take their laptops and follow their groups in the fire drill. Teachers should take role when arriving at their destination outside of the building.

➤ An announcement will be made to signal the all clear and okay to return to class. Do not enter the building until the all clear signal has sounded.

Tornado Drills:

- All students shall move with their classes, following the designated procedure as outlined for the specific class they are in at the time of the alert. Students not in a class (such as in the hall or going to the media center) shall proceed to any designated assigned area.

- Under no condition shall students run but shall walk rapidly. Remain calm, alert, and quiet so announcements can be heard. When the tornado alert is lifted, an announcement will be made. Remain in designated areas until the all clear is given. All teachers should take their laptops and follow their group.

Family Educational Rights and Privacy Act

Under the provisions of the Family Educational Rights and Privacy Act (FERPA) parents of students and eligible students (those who are 18 or older) are afforded various rights with regard to educational records which are kept and maintained by the school. In accordance with FERPA, you are required to be notified of those rights that include:

- The right to review and inspect all of your educational records except those that are specifically exempted.
- The right to prevent disclosure of personally identifiable information contained in your educational records to other persons with certain limited exceptions. Disclosure of information from your educational records to other persons will occur only if:
 - We have prior written consent for disclosure;
 - The information is considered directory information and you have not objected to the release of such information, and
 - Disclosure without consent is permitted by law.
- The right to request your educational records is amended if you believe the records are misleading, inaccurate, or otherwise in violation of your rights. This right includes the right to request a hearing at which you may present evidence to show why the record should be changed if your request for an amendment to your records is denied in the first instance.
- The right to file a complaint with the Family Policy and Regulations Office at the U.S. Department of Education if you believe USD 261 has failed to comply with FERPA's requirements. The address of this office is 400 Maryland Ave. SW, MES, Room 4074, Washington, D.C. 20202.
- The right to obtain a copy of USD 261 policies for complying with FERPA. A copy may be obtained from your school office or by contacting the Human Resources Office at 1745 W. Grand in Haysville, or at 554-2200.

Flag Salute - Participation in the flag salute is not mandated, yet highly encouraged.

Fundraising

The purpose of fundraising is to raise money for projects and activities of an organization, club, or class to benefit student activities beyond what is allowed by the Board of Education subsidy. School organizations provide an important extracurricular opportunity to develop student leadership and involvement through the attainment of worthwhile goals designed to accomplish the organization's purpose--fund raising should not be for individual gain, membership parties, etc. Guidelines encourage student involvement with "checks and balances" designed to provide accountability and protection for all parties handling fundraising products and monies. They also recognize the need for funds by "many" organizations operating in a limited market.

Grading System

There will be a total of four formal grading reports during the year.

Guided Study

This period will be during 8th hour of the day and separated into two 24-minute blocks of time. One 24-minute block will be dedicated to Guided Study, which is a time for students to complete homework. The other 24-minute block will be called Hawk Time and be used to complete the many different district mandated initiatives currently in place. Both periods will be held sacred to the intent in which they have been established. All assemblies will be held during this period, so instructional time is not lost.

Hall Behavior and Passes

When permission is granted to be away from a classroom, students **MUST** use the passes provided in their agenda book. Such passes must be fully attached and intact to the agenda book. Students are not to use other students' agendas. The student must comply with the above regulation; otherwise he/she may not be granted permission to leave the classroom. When permission is granted, the student must report back to his/her teacher before the end of the period. No student is to be in the halls without their agenda.

Hallway Expectations

Always walk to the right side of the hallways. Running, pushing, shoving, and yelling are completely unacceptable. Students are cautioned against this type of activity as it may endanger their own safety as well as the safety of others. Students are to remain in hallways where they have classes or hallways that are the most direct route to their next class. (See PBIS pg. 13)

Health Services

The school health aide advises and assists the principal and teachers in planning and carrying on a school health program. The school nurse **DOES NOT** diagnose any condition.

Requirements to take over the counter (OTC) medications in school:

- An OTC medication form is completed and signed by the guardian.
- Medication is provided the original container.
- Medication will be given per package instructions. Any dosing that is different than package instructions will require a physician order.
- Medication will be stored in a locked cabinet in the health room. If you would like your child to self-carry medication a separate form and physician order will be required.

Aspirin and oral homeopathic medications will continue to require a physician order

She/he administers over the counter or prescribed medication in the original container, Medication forms are available in the health room or the physician's order may be faxed to the school. The health nurse plans, schedules, and assists with all school screening examinations she/he interprets and follows up on all matters pertaining to the health of the pupil.

In order to protect students from possible serious complications and to protect other students from possible exposure to diseases, students who are ill should not come to school. It is the duty of the school to exclude any child who appears to be ill or is suspected of having an infectious or contagious disease. It is the responsibility of the parent to make such arrangements that the ill or injured student be picked up by a parent, or by the person designated to do so. Students are not allowed to walk home, ride their bike or drive themselves home. School health rooms are to care for those pupils who become ill or injured at school and the school can only offer **TEMPORARY** care and first aid. **Except in emergencies, students should always report to class first, obtain a pass and then go directly to the health room when ill. Students are not to stop between classes unless given permission by the health nurse.** Students who are too ill to remain in the classroom will be sent home. The health nurse will determine if the student is too ill to remain in school. (See medications at school)

Homebound

Homebound instruction is designed to help students maintain educational progress during the time they are physically and/or emotionally incapable of attending school. It is available to students whose medical condition prohibits attendance in a regular or alternative school program and who are under medical care for an illness or injury. **A physician's order must be submitted to the principal as a prerequisite to any potential homebound services will be provided.**

Homework

Students are responsible for completing and returning homework assignments on time. Allowing students to NOT turn in assigned homework is not an acceptable practice at HMS. Zeros are not acceptable. However, late work will receive a penalty as deemed appropriate by the classroom teacher and approved by the building principal. As a general building rule, the only homework a child may have is work that is not completed in the classroom. There may be an occasional exception to this guideline and must be approved by an administrator.

Honor Roll

Honor rolls are determined on the 4.0-point system. The Academic Excellence honor roll is for students that have a 4.0 grade point average (GPA). The Principal's honor roll is for students who accumulate a 3.7 to 3.99 GPA. The Academic honor roll is for students with GPA's of 3.0 to 3.69. Any student with a grade of an "F" on their grade card will not be eligible for any of the honor roll programs.

ID Cards

It is required by administration that the student have their photo ID in their possession at all times during school hours. Student photo ID cards are used, to check out books from the media center, and as the student lunch card. **Lost, defaced, or destroyed student photo ID cards must be replaced at a charge of \$5.00 or 30 "Hawk Bucks" per card. ID cards are required for admittance to all school activities.** The student ID may be downloaded to a smartphone if the child has a valid working email address. This provision works in the same manner as the actual ID card. Labels for student agendas will be provided and distributed by staff for use in the event the student does not have their photo ID. Lost, defaced, or destroyed label must be replaced at a charge of \$1.00 per label. These labels can only be used with an intact agenda, and only in the media center and cafeteria. The use of the label in student handbooks is not an acceptable form of ID for school activity entrance.

Insurance

Any injury or accident that occurs while on school property or at a school activity, must first be filed on the parent/guardian insurance plan. HMS does not carry an accident insurance policy on its students. Parents are encouraged to review the student accident package available through the school district and to enroll their child. Low-cost plans are available for the school day alone or 24-hour coverage. Information is available in the main office of the school.

Lockers

The lockers in the district schools shall be under the supervision of the building administration and/or designee, and assigned to the student for the storage of school materials and personal belongings. Each student will be assigned a locker. Combination locks are built into lockers. **Students should not share lockers or combinations.** A charge of \$2.00 will be assessed each time that a combination has to be changed. Requests for a change in the combination should be made in the office. **Students are not permitted to switch lockers with other students.** The school reserves the right to search a student's locker to maintain the integrity of the school environment and to protect other students. **Each individual student is responsible for the contents of his/her locker at all times. Students will be held accountable for the contents of their assigned locker.** If a student is issued a PE lock, the student is responsible for returning the lock at the end of the semester. If it is not returned, the student will need to pay the replacement cost of \$7.50 per lock. If a student is issued a key lock, the student is responsible for returning the key at the end of the school year. If the key is not returned, the student will need to pay the replacement cost of the lock in the amount of \$10.00.

Lost, Stolen, and Found

Any articles found should be turned into the lost and found immediately. Lost or stolen articles should be reported to the office immediately. The lost and found is located in the main commons area near the counseling office. Items that are not claimed are periodically donated to some charitable organization.

Lunch

Lunch is served and priced by the USD 261 Food Service entity. HMS has a closed lunch period. Checking a student out for lunch counts against his/her classroom attendance. Free or reduced lunches are available by application through Food Service, 554-2219. Per federal regulations, free and reduced lunch cards may only be used for the published meal only, may only be used by the person owning the ID card, and only be used once per day. In the event any student does not have their ID card, or their planner so as to purchase a lunch, an alternative lunch may be served. An additional acceptable means for lunch line speed is the physical placement of the child's bar code on their cell phone for scanning purposes. This does not include a picture of the ID card or bar code on the phone itself. **Lunch Funds** - Money may be placed on the student ID card before school from 7:10 – 7:35 a.m. No money may be placed on a student's lunch account during 5th hour. Students may also place money on their card if they are at the end of their line as their class proceeds through the lunch line.

Lunch Food Delivery - Delivery of food to a student must go through the main office.

Media Center

The Library Media Center is open to students from 7:25 until 2:50 daily. Students may come in before 7:25 if they have permission from a teacher or the librarian. The library contains a wide variety of books and other materials to help students succeed. Students come to the media center each week at a regularly scheduled time with their language arts teacher. Student ID cards or their planner is required in order to check out materials. However, if the card photo is not recognizable or the barcode cannot be scanned, the student will not be allowed to check out materials. Books are checked out for two week periods. Students are not fined for late materials; however, students will be charged for any materials that are lost or damaged. At the time of checkout, a card is placed in the front pocket of the book/magazine. If the card is not returned with the book, there will be a \$.25 charge to replace the card. If you misuse computers, or other electronic equipment in the Library Media Center, you will be subject to disciplinary actions, according to building and district policies.

Medications at School

Prescribed medication is given at school only upon written request from both the lawful custodian and the pupil's local attending physician or dentist. These written requests are required before administration of either short term or maintenance medications are initiated. Prescription medication that is being administered by the school must be in the original container, be properly labeled and be properly authorized by the written order of a licensed medical person. Only oral medications should be administered except in emergency situations. Any changes in type of drugs, dosage and/or time of administration shall be accompanied by physician's orders and parental permission and a newly labeled pharmacy container.

Requirements to take over the counter (OTC) medications in school:

- An OTC medication form is completed and signed by the guardian.
- Medication is provided the original container.
- Medication will be given per package instructions. Any dosing that is different than package instructions will require a physician order.

No medications, including over-the-counter medications (e.g., aspirin, cough syrup, and cough drops) will be maintained on school premises except when prescribed. Over-the-counter medications shall not be supplied by school employees or kept in athletic areas. Deciding whether any drug is needed is a form of diagnosis, and dispensing medication is a form of treatment. Unauthorized administration of un-prescribed medications shall not be practiced by any school personnel including school nurses. As stated on all prescription medication labels, "Federal law prohibits the transfer of any prescription drug to any person other than the patient for which it was prescribed."

Permission to Possess and Self-Administer Medication:

To permit a student to carry and self-administer medication the following conditions must be met:

- A Request by Student to Possess and Self-Administer Medication form must be completed. The form must be signed by the parent and the physician.
- The medication must be in a protective manner that it cannot be accidentally left or forgotten. Should the medication be located or found outside of the student's possession the permission to carry medication may be revoked.

- Controlled medications are excluded and may never be carried by the student. If you are unsure if a medication is controlled contact your pharmacy or the health room.

Cell phone use during the school day is restricted to the classroom rules of the individual teachers. As a rule, **cell phones are to be turned off and in the student's locker from 7:35 to 2:50**. Students who are in violation of the above policy will receive consequences ranging from being asked to put items in their locker to parents being required to pick items up. **The district is not responsible for loss or damage to any personal property even if personal property is lost, stolen, or damaged on school grounds. Use of electronic devices including those with cameras, text messaging, etc. at school or school activities that violate privacy laws, result in sexual or racial harassment, or classroom cheating may result in suspension and/or expulsion for school.**

Personally owned Internet devices such as, smart phones, laptops, and tablets may be used by staff and students during the school day as approved by administration and in accordance with the Haysville USD 261 Board of Education Internet and Computer Use policies.

Physical Education

All HMS students are required to be enrolled in a minimum of one semester of P.E. each year. Students may elect to enroll in more. Requirements for all students participating in Physical Education classes are as: All 7th and 8th grade students enrolled in P.E. need to have a uniform which can be purchased at HMS at a cost of \$15.00. Sixth grade students are not required to change clothing for P.E. class. Due to safety concerns, shoes need to be worn properly at all times. Also due to safety concerns, jewelry is not permitted to be worn in any P.E class. Wearing the P.E. uniform as normal clothing for the day is not an acceptable practice. Effective use of daily deodorant is suggested for good personal hygiene. If any middle school student is unable to participate in gym class because of an illness or accident, a parent's note and/or school nurse will be acceptable for only one day. After the first day, a doctor, RN or LPN note will be required or by administration for the student to be given permission not to participate. An alternative assignment may be given to the student to complete for points, if parent or doctor notes are given to the teacher.

Promotion and Retention

The HMS staff assumes the responsibility for designing and providing the educational plan for each and every student enrolled at Haysville schools. Included with this responsibility is the need to either "promote" or "retain" individual students for the following school year. Students shall be required to successfully complete these requirements:

1. **Three of the four core classes** (language arts, math, science, and social studies), and
2. **Reading** (unless student is exempt from, then this would be considered as an additional elective), and
3. **One of the two electives*** enrolled in for the school year. (Could be *two of the three electives if exempt from Reading)

If the above criteria are not met, successful completion in six of the seven classes, the student will not be considered for promotion and will be scheduled for retention in the next school year. Guided study period will not be a graded consideration for promotion and/or retention purposes. Summer school may be an option offered for a fee. **Eighth grade students who have not met the requirements to be promoted to the 9th grade or who have outstanding obligations/fees will not be allowed to participate in the 8th grade recognition/promotion night.**

Second Chance Breakfast Program

HMS was identified by KSDE as a school that could benefit from the second chance breakfast program. This program allows any child an additional chance to eat breakfast everyday school is in session. This initiative takes place during passing period from 1st to 2nd hour, and the first nine minutes of 2nd hour. Therefore, second hour is nine minutes longer than any other instructional hour. Children report to the cafeteria to purchase the second chance breakfast food, then take that food to the classroom for consumption. Any child on Free/Reduced meal status, can only use that one time for the meal being purchased. If used during regular breakfast time, the child can still participate in the second chance breakfast opportunity but must pay full price. If Free/Reduced status is not used during first breakfast, then it may be used during the second chance opportunity.

School Resource Officer

The SRO is a full-time law enforcement officer who is in the school to help create and maintain a safe educational environment for students, teachers, and staff. The SRO fulfills five roles:

- Positive Role Model – for children who are not exposed to many such role models in today's society.
- A Law-Related Teacher – who can provide class length presentations on various topics.

- An Advisor - providing guidance regarding law enforcement questions.
- A Law Enforcement Officer – whose primary purpose is to “keep the peace.”

School Violence Hotline

The State of Kansas, in conjunction with all local Kansas schools, has established a statewide school safety hotline. The hotline will be staffed by the Kansas Highway Patrol and is designed to allow students or parents to report impending school violence. The caller will be interviewed over the phone, and all information will be forwarded to the local police. It is important to remember that the phone calls are directed to the Kansas Highway Patrol and must be legitimate in nature.

Telephone Use

Due to the overwhelming number of calls the office receives, we request that you please make all arrangements with your child prior to school. **In the event of an emergency, to be determined by the administration, it is possible that your child may be called out of class; however, the preferred means of communication would be a message to be delivered to your child.** HMS will not impede the educational process and call your child out of class to take a telephone call. The telephones at Haysville Middle School are for business purposes only.

Visitors

All visitors to HMS must check in at the office and register for a visitor badge. Student visitors will not be allowed unless there is a special school activity requiring their attendance.

Weather

When inclement weather causes the school to close, it will be announced on the following radio stations between the hours of 6:00 a.m. and 8:00 a.m. Radio stations are KFDI AM 1070 & FM 101.3, KTHR 107.3, KZCH 96.3, B98 98.3, and KZSN 102.1. Television stations KAKE-TV 10, KWCH-TV 12, KSN-TV 3 will also announce school closing for our district. School Reach will go out to all students for notification of the closing. All scheduled extra-curricular and co-curricular school activities will be cancelled on days when school is closed for inclement weather. School closing information can also be found at www.usd261.com/services and click on the **School Closings** link.

HMS Behavior & Discipline Policy

School-wide Discipline Plan

All student conduct expectations noted in this section apply to students while they are on school district property and at any school sponsored activity, including those contests being held at another school. The HMS discipline policy is based on mutual respect among administrators, staff, teachers, students, and parents while grounded in the philosophy of Positive Behavior Intervention Support (PBIS) system. The primary purpose of this discipline policy is to ensure a safe and orderly environment so that learning and teaching are maximized. As this primary purpose is accomplished through procedures that support a positive atmosphere, the staff of HMS teaches and models the expected behaviors. Students have the responsibility to respect other students and the HMS staff, to comply with school and classroom rules and policies, and be ready to accept the consequences of their actions if they violate these rules or policies. Adults should serve as positive role models. It is their duty to objectively determine accurate facts in discipline situations and listen attentively to students before administering disciplinary measures. HMS students are rewarded through the PBIS program for demonstrating the expected behaviors throughout the building.

The foundation of PBIS (Positive Behavior Interventions and Supports) is to **define, teach, and support** appropriate student behaviors in order to create a more positive school environment. These definitions, teachings, and supports must be consistent throughout the entire building. Our district chose the acronym P.R.I.D.E. (Preparation, Respect, Integrity, Discipline, Excellence) to help focus our efforts in teaching appropriate social and academic behaviors. Each building was then given the challenge to determine what PRIDE looked like in specific areas of their own buildings. Those expectations are taught and reinforced on a regular basis. Unacceptable behavior will be recorded by the teacher on the classroom behavior management form.

Safe Schools Act

The Kansas School Safety and Security Act (K.S.A. 72-89b03) requires school personnel to report all felony and misdemeanor crimes committed on school property or at a school supervised activity to the appropriate law enforcement agency. If an administrator's preliminary investigation reveals information that indicates a crime (felony or misdemeanor) may have been committed, the administration is required to file a report. Whether or not the report is made in writing (for later follow-up by law enforcement) or by phone (for immediate follow-up by law enforcement) is dependent upon the seriousness and nature of the situation. When law enforcement officers conduct an investigation and/or question a student(s) suspect during school hours, the building administration shall make reasonable attempts to contact parents, guardians or representatives of the student prior to questioning. To the extent possible, reasonable request of parents, guardians or representatives shall be observed. Notification or attempted notification of parents, guardians or representatives shall be documented by the administrator involved. If a student's parents, guardian or representative is not present during questioning of a student, the principal or certified staff member shall be present. This is in accordance with BOE policy JCAC and JCAC-R. The decision to arrest a student and remove that student from the school jurisdiction is the prerogative of law enforcement and not under the authority of school personnel.

Student Conduct

A basic right of each student is the right to learn without interference by the behavior of another student. Every student has the basic right to study, receive instruction, and learn, without interference from others. Students who disrupt the learning of others will not be tolerated. Social adjustment, including attitude, is the basic responsibility of the home. The basic responsibility of the school is for skill development and continued learning. Students are expected to maintain standards of behavior that are acceptable to school personnel at all school sponsored activities both home and away. Any unacceptable pattern of conduct will be dealt with in a manner deemed necessary by the school administration.

Basic expectations for **ALL** staff and students of HMS classrooms include:

Pride – Respect – Integrity – Discipline - Excellence

Substitute teachers are guests at Haysville Middle School and are to be treated with the same respect as the regular classroom instructor.

Alternative Learning Center (ALC)

Placement of students into ALC has been designed for students who have violated policies to the extent that exclusion or suspension from regular classes and extracurricular activities is warranted. The purpose of the ALC placement is to minimize the loss of academic learning during exclusion or suspension. Student behavior that is unacceptable while in ALC may result in an out-of-school suspension. Students who are assigned to the ALC room will be given their regular classroom assignments and are due as assigned. No extra time will be given for completion.

Classroom Disruptions – Positive Behavior Intervention Supports (PBIS)

If, as a parent or student, you are aware of a situation where the learning environment in the classroom is not productive, please contact your school administrator. Each classroom teacher will establish expectations that will be enforced within their classroom. Students who choose to disrupt the learning environment within the classroom will be dealt with in the following manner:

- **Major Disruptions:** This type of disruption will be referred to the ALC (Alternative Learning Center) room with a "Office Discipline Referral (ODR)". Consequences for these behaviors could include conferencing with the student and in many cases the parent, in-school suspension, out-of-school suspension, and out-of-school suspension with a due process hearing scheduled. The consequences at this level will be at the discretion of the administrator. The classroom teacher will contact the parent/guardian for each "Office Discipline Referral (ODR)" that he/she writes.
- **Minor - Repetitive Disruptions:** These are the behaviors which continually diminish the quality of education in the classroom. The teacher will document the student behaviors and the strategies that he/she has used to correct them. The teacher will determine when it is appropriate to schedule a conference with the student to determine future expectations for the student in the classroom. The teacher will notify the parent of the problem and let him/her know that future problems will result in a teacher assigned in-school suspension from his/her classroom. Should an in-school suspension be enforced, a conference will be held during the time of the suspension to establish a probation procedure to be followed for the remainder of the class. Please note that this conference will be held during the school day. The parties to be present during this conference will include the student, parent/guardian, teacher, and administrator. A contract will be written during this conference which outlines future consequences for the student disrupting the classroom.

Students will start over on classroom discipline every semester.

Complaints

Students who have concerns about the application of any school rule or regulation may file a complaint through procedures established in the board's rules and regulations (see BOE policy JCE). Discrimination against any individual on the basis of race, color, national origin, sex, disability, age, or religion in the admission or access to, or treatment or employment in the district's programs and activities is prohibited. The Superintendent of Schools or his/her designee at 1745 W. Grand, Haysville, Kansas, 67060, Telephone # 316 554-2200, has been designated to coordinate compliance with nondiscrimination requirements contained in Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, and The Americans with Disabilities Act of 1990. Information concerning the provisions of these Acts, and the rights provided thereunder, are available from the compliance coordinator. Any student may file a complaint of discrimination with the building principal or the compliance coordinator. Any student complaint of discrimination shall be resolved under the district's discrimination complaint procedure.

BOE Policy (JCE & KN)

Damage of School Property

Vandalism, defacing, or destroying school property, the property of any school employee, or other students on school premises or at school-sponsored events will not be tolerated. Disciplinary action will be initiated in any act of vandalism and, where warranted, charges may be filed with the Police Department. The justifiable value of school property lost, damaged or destroyed by a student will be charged to that student.

Educational Testing Program

The district educational testing program shall consist of multiple assessments. These assessments shall include, as a minimum, individual teacher subject matter tests, district group achievement tests, and state required tests.

BOE Policy II (See JR et seq.)

Test Integrity

The board requires all licensed staff members to protect the integrity of the student assessment process. Honest administration of the test and accurate reporting of student achievement to the board, the community and the state of Kansas is necessary to maintain accountability measures. All students and staff are required to maintain a high level of integrity in the administration and completion of student assessments.

Reporting Test Results

The superintendent shall report annually in writing to the board the results of the district's academic achievement testing program. State required test results shall be disaggregated as required by current regulation and shall be reported annually to the board, district patrons and the State Board of Education.

Emergency Safety Interventions – BOE Policy GAAF

- The board of education is committed to limiting the use of Emergency Safety Intervention ("ESI"), such as seclusion and restraint, with all students. Seclusion and restraint shall be used only when a student's conduct necessitates the use of an emergency safety intervention as defined below. The board of education encourages all employees to utilize other behavioral management tools, including prevention techniques, de-escalation techniques, and positive behavioral intervention strategies.
- This policy shall be made available on the district website with links to the policy available on any individual school pages. In addition, this policy shall be included in at least one of the following: each school's code of conduct, school safety plan, or student handbook. Use of Emergency Safety Interventions

ESI shall be used only when a student presents a reasonable and immediate danger of physical harm to such student or others with the present ability to effect such physical harm. Less restrictive alternatives to ESI, such as positive behavior interventions support, shall be deemed inappropriate or ineffective under the circumstances by the school employee witnessing the student's behavior prior to the use of any ESI. The use of ESI shall cease as soon as the immediate danger of physical harm ceases to exist. Violent action that is destructive of property may necessitate the use of an ESI. Use of an ESI for purposes of discipline, punishment, or for the convenience of a school employee shall not meet the standard of immediate danger of physical harm.

ESI Restrictions

- A student shall not be subjected to ESI if the student is known to have a medical condition that could put the student in mental or physical danger as a result of ESI. The existence of such medical condition must be indicated in a written statement from the student's licensed health care provider, a copy of which has been provided to the school and placed in the student's file.
- Such written statement shall include an explanation of the student's diagnosis, a list of any reasons why ESI would put the student in mental or physical danger, and any suggested alternatives to ESI. Notwithstanding the provisions of this subsection, a student may be subjected to ESI, if not subjecting the student to ESI would result in significant physical harm to the student or others.

Use of Seclusion

- When a student is placed in seclusion, a school employee shall be able to see and hear the student at all times.
- All seclusion rooms equipped with a locking door shall be designed to ensure that the lock automatically disengages when the school employee viewing the student walks away from the seclusion room, or in case of emergency, such as fire or severe weather.
- A seclusion room shall be a safe place with proportional and similar characteristics as other rooms where students frequent. Such room shall be free of any condition that could be a danger to the student, well-ventilated, and sufficiently lighted.

Training

- All staff members shall be trained regarding the use of positive behavioral intervention strategies, de-escalation techniques, and prevention techniques. Such training shall be consistent with nationally recognized training programs on ESI. The intensity of the training provided will depend upon the employee's position. Administrators, licensed staff members, and other staff deemed most likely to need to restrain a student will be provided more intense training than staff who do not work directly with students in the classroom. District and building administration shall make the determination of the intensity of training required by each position.
- Each school building shall maintain written or electronic documentation regarding the training that was provided and a list of participants, which shall be made available for inspection by the state board of education upon request.

Notification and Documentation

- The principal or designee shall notify the parent the same day as an incident. The same-day notification requirement of this subsection shall be deemed satisfied if the school attempts at least two methods of contacting the parent. A parent may designate a preferred method of contact to receive the same-day notification. Also, a parent may agree, in writing, to receive only one same-day notification from the school for multiple incidents occurring on the same day.
- Documentation of the ESI used shall be completed and provided to the student's parents no later than the school day following the day of the incident. Such written documentation shall include: (A) The events leading up to the incident; (B) student behaviors that necessitated the ESI; (C) steps taken to transition the student back into the educational setting; (D) the date and time the incident occurred, the type of ESI used, the duration of the ESI, and the school personnel who used or supervised the ESI; (E) space or an additional form for parents to provide feedback or comments to the school regarding the incident; (F) a statement that invites and strongly encourages parents to schedule a meeting to discuss the incident and how to prevent future incidents; and (G) email and phone information for the parent to contact the school to schedule the ESI meeting. Schools may group incidents together when documenting the items in subparagraphs (A), (B) and (C) if the triggering issue necessitating the ESIs is the same.
- The parent shall be provided the following information after the first and each subsequent incident during each school year: (1) a copy of this policy which indicates when ESI can be used; (2) a flyer on the parent's rights; (3) information on the parent's right to file a complaint through the local dispute

resolution process (which is set forth in this policy) and the complaint process of the state board of education; and (4) information that will assist the parent in navigating the complaint process, including contact information for Families Together and the Disability Rights Center of Kansas. Upon the first occurrence of an incident of ESI, the foregoing information shall be provided in printed form or, upon the parent's written request, by email. Upon the occurrence of a second or subsequent incident, the parent shall be provided with a full and direct website address containing such information.

Law Enforcement, School Resource, and Campus Security Officers

- Campus police officers and school resource officers shall be exempt from the requirements of this policy when engaged in an activity that has a legitimate law enforcement purpose. School security officers shall not be exempt from the requirements of this policy.
- If a school is aware that a law enforcement officer or school resource officer has used seclusion, physical restraint, or mechanical restraint on a student, the school shall notify the parent the same day using the parent's preferred method of contact. A school shall not be required to provide written documentation to a parent, as set forth above, regarding law enforcement use of an emergency safety intervention, or report to the state department of education any law enforcement use of an emergency safety intervention. For purposes of this subsection, mechanical restraint includes, but is not limited to, the use of handcuffs.

Documentation of ESI Incidents

Except as specified above with regard to law enforcement or school resource officer use of emergency safety interventions, each building shall maintain documentation any time ESI is used with a student. Such documentation must include all of the following:

- Date and time of the ESI,
- Type of ESI,
- Length of time the ESI was used,
- School personnel who participated in or supervised the ESI,
- Whether the student had an individualized education program at the time of the incident,
- Whether the student had a section 504 plan at the time of the incident, and whether the student had a behavior intervention plan at the time of the incident.

All such documentation shall be provided to the building principal, who shall be responsible for providing copies of such documentation to the superintendent or the superintendent's designee on at least a biannual basis. At least once per school year, each building principal or designee shall review the documentation of ESI incidents with appropriate staff members to consider the appropriateness of the use of ESI in those instances.

Reporting Data

District administration shall report ESI data to the state department of education as required.

Parent Right to Meeting on ESI Use

- After each incident, a parent may request a meeting with the school to discuss and debrief the incident. A parent may request such meeting verbally, in writing, or by electronic means. A school shall hold a meeting requested under this subsection within 10 school days of the parent's request. The focus of any such meeting shall be to discuss proactive ways to prevent the need for emergency safety interventions and to reduce incidents in the future.
- For a student with an IEP or a Section 504 plan, such student's IEP team or Section 504 plan team shall discuss the incident and consider the need to conduct a functional behavioral assessment, develop a behavior intervention plan, or amend the behavior intervention plan if already in existence.
- For a student with a section 504 plan, such student's section 504 plan team shall discuss and consider the need for a special education evaluation. For students who have an individualized education program and are placed in a private school by a parent, a meeting called under this subsection shall include the parent and the private school, who shall consider whether the parent should request an individualized education program team meeting, the private school shall help facilitate such meeting.
- For a student without an IEP or Section 504 plan, the school staff and the parent shall discuss the incident and consider the appropriateness of a referral for a special evaluation, the need for a functional behavioral assessment, or the need for a behavior intervention plan. Any such meeting shall include the student's parent, a school administrator for the school the student attends, one of the student's teachers, a school employee involved in the incident, and any other school employees designated by the school administrator as appropriate for such meeting.
- The student who is the subject of such meetings shall be invited to attend the meeting at the discretion of the parent. The time for calling such a meeting may be extended beyond the 10-day limit if the parent of the student is unable to attend within that time period. Nothing in this section shall be construed to prohibit the development and implementation of a functional behavior assessment or a behavior intervention plan for any student if such student would benefit from such measures.

Local Dispute Resolution Process

- If a parent believes that an emergency safety intervention has been used on the parent's child in violation of state law or board policy, the parent may file a complaint as specified below.
- The board of education encourages parents to attempt to resolve issues relating to the use of ESI informally with the building principal and/or the superintendent before filing a formal complaint with the board. Once an informal complaint is received, the administrator handling such complaint shall investigate such matter, as deemed appropriate by the administrator. In the event that the complaint is resolved informally, the administrator must provide a written report of the informal resolution to the superintendent and the parents and retain a copy of the report at the school. The superintendent will share the informal resolution with the board of education and provide a copy to the state department of education.
- If the issues are not resolved informally with the building principal and/or the superintendent, the parents may submit a formal written complaint to the board of education by providing a copy of the complaint to the clerk of the board and the superintendent within thirty (30) days after the parent is informed of the incident.
- Upon receipt of a formal written complaint, the board president shall assign an investigator to review the complaint and report findings to the board as a whole. Such investigator may be a board member, a school administrator selected by the board, or a board attorney. Such investigator shall be informed of the obligation to maintain confidentiality of student records and shall report the findings of fact and recommended corrective action, if any, to the board in executive session.
- Any such investigation must be completed within thirty (30) days of receipt of the formal written complaint by the board clerk and superintendent. On or before the 30th day after receipt of the written complaint, the board shall adopt written findings of fact and, if necessary, appropriate corrective action. A copy of the written findings of fact and any corrective action adopted by the board shall only be provided to the parents, the school, and the state department of education and shall be mailed to the parents and the state department within 30 days of the board's receipt of the formal complaint.
- If desired, a parent may file a complaint under the state board of education administrative review process within thirty (30) days from the date a final decision is issued pursuant to the local dispute resolution process.

Unless otherwise noted all of the following policies were re-adopted July 16, 2018.

BOE Reviewed and Approved KASB Recommendation: August 15, 2016

Fighting – Hazing - Bullying

No student and/or employee shall conspire to commit any act that injures, degrades or disgraces a fellow student and/or employee. Disciplinary procedures and/or consequences may be necessary and will be determined on an individual basis as needed. As KASB develops additional language addressing all components of the bullying legislation, an addition to this handbook may be necessary.

Inappropriate Language

Inappropriate language has no place in or around an educational institution. This type of behavior can bring nothing but discredit to the school and the individual. The use of inappropriate language and/or profanity will result in disciplinary action, which may include in-school and/or out-of-school suspension(s).

Interrogations and Searches

If a law enforcement officer desiring to search a student's locker or property has a search warrant, the principal shall permit the search, which shall be made in the presence of the principal.

Prohibited items found during the search shall remain in the custody of either the building principal or the law enforcement officer. If any items are turned over to law enforcement officials the principal shall receive a receipt for the items.

(Whenever the principal is mentioned in this rule, it shall be construed so as to include the superintendent "or designated representative.")

JCABB-R Searches of Students JCABB-R

The student shall be told why a search is being conducted. The student shall be requested to empty items such as, but not limited to, pockets, purses, shoulder bags, book bags and briefcases. The principal or designee will make an attempt to contact the student's parents/guardians and may call law enforcement. Items, which the principal or designee believes may be connected with illegal activity, shall remain in the custody of the principal or designee unless the items are turned over to law enforcement officials. If the student refuses to cooperate, the principal or designee may take disciplinary action and/or seek assistance from law enforcement. (See JDD and JCAC)

The principal or designee shall remain with the student and be present during any search of the student made by law enforcement officials on school property. The principal or designee shall receive and file a receipt for items turned over to law enforcement officials.

If the principal or designee believes a student is in possession of an object, which can jeopardize the health, welfare, or safety of the student or others, the student shall be removed to a safe location. This determination may be based on any information received by the principal or any member of the faculty or staff.

JCABB-R Searches of Students JCABB-R-2

A written report of each search shall be made by the principal or designee and submitted to the superintendent. The superintendent shall keep a copy of the written report on file.

(Whenever the principal is mentioned in this rule, it shall be construed so as to include the superintendent "or designated representative.")

JCAC Interrogation and Investigations Conducted in the Schools JCAC

It shall be the policy of the district that a reasonable cooperative effort be maintained between the school administration and law enforcement agencies. Law enforcement officials may be summoned in order to conduct an investigation of alleged criminal conduct on the school premises or during a school-sponsored activity or to maintain order.

They may also be summoned for the purpose of maintaining or restoring order when the presence of such officers is necessary to prevent injury to persons or property. Administrators have the responsibility and the authority to determine when the presence and assistance of law enforcement officers is necessary within their respective jurisdictions. The district's administrators shall at all times act in a manner which protects and guarantees the rights of students and parents and shall cooperate with law enforcement officials as provided in JCAC-R.

School staff members shall be informed of the contents of this policy and rules at least annually.

JCAC-R Interrogation and Investigations JCAC-R **Initiated by School Administrators and Conducted by Law Enforcement Officers**

When law enforcement officers conduct an investigation and/or question a student(s) during school hours, the building principal shall make reasonable attempts to contact parents, guardian or representative of the student(s) prior to questioning. To the extent possible, reasonable requests of the parents, guardian or representative shall be observed. Notification or attempted notification of parents, guardian or representative shall be documented by the administrator involved. If a student's parents, guardian or representative is not present during questioning of a student, the principal shall be present.

JCAC-R Interrogation and Investigations JCAC-R - 2 **Initiated and Conducted by Law Enforcement Officers**

The administration shall cooperate with law enforcement officers who are conducting investigations of suspected child abuse. (See GAAD) Law enforcement officers shall not be permitted to conduct investigations during school hours except in demonstrated emergency situations. If a demonstrated emergency is found, the principal shall require identification of law enforcement officials and reasons for the interrogation or investigation of a student. If the principal is not satisfied with either the identification or the reason, the request shall not be granted. The principal shall attempt to notify the superintendent and the officer's superiors of the reasons for the refusal.

Violations of Criminal Law

Information on criminal conduct shall be turned over to law enforcement officials. (See EBC)

Taking Students Into Custody

Students shall not be voluntarily released by school officials to law enforcement authorities unless the student has been placed under arrest or taken into custody by law enforcement or SRS. Reasonable effort shall be made to notify the student's parents, guardian or representative when students are removed from school for any reason by law enforcement authorities.

JCAC-R Interrogations and Investigations

JCAC-R-3

Notification efforts shall be documented. Parents shall not be notified by school officials when their child is taken into custody by SRS and/or law enforcement as a result of allegations of abuse or neglect.

When a student has been taken into custody or arrested on school premises without prior notification to the building principal, the school staff present shall ask the law enforcement officer to notify the principal of the circumstances as quickly as possible.

Disturbance of School Environment

Law enforcement officers may be requested to assist in controlling disturbances at school and if necessary to take students or other persons into custody.

Narcotics, Alcoholic Beverages, and Stimulant Drugs

BOE Policy (JCDA-R)

A student shall not knowingly possess, use, transmit, or be under the influence of any narcotic drug, hallucinogenic drug, amphetamine, barbiturate, marijuana, alcoholic beverage, or intoxicant of any kind:

- On the school grounds during or immediately before or immediately after school hours,
- On the school grounds at any other time when the school is being used by any school group, or
- Off the school grounds at a school activity, function, or event.

Use of a drug authorized by a medical prescription from a registered physician shall not be considered a violation of this rule. In all cases where students are suspected of unlawfully using or possessing drugs or narcotics on the school premises, the building principal shall conduct an investigation to ascertain any available facts. Upon the finding of any facts that support a reasonable belief that the suspicions are warranted, the principal shall immediately suspend the student(s) from school for a period of five (5) days. Such suspension shall be administered in accordance with the policies of the board of education. The proper law enforcement authorities shall be notified of the drug or narcotic violation.

Racial Harassment

BOE Policy (GAACA & JGCEA)

District employees shall not racially harass, or permit racial harassment of a student by another employee, student, non-employee or non-student. Neither shall a student racially harass another student or students. Violations of this policy shall result in disciplinary action, including termination of an employee, or disciplinary action against the student(s) involved. Supervisors who fail to follow this policy or who fail to investigate complaints shall be in violation of this policy. If the principal is the object of a harassment complaint, the student may bypass the principal and report directly to the superintendent. Complaints against the superintendent shall be heard by the board.

Racial harassment shall include, but not be limited to:

- Treatment of a student differently on the basis of race, color, or national origin in the context of an educational program or activity without a legitimate, nondiscriminatory reason so as to interfere with or limit the ability of the student to participate in or benefit from the services, activities or privileges provided by the recipient.
- Harassing conduct (e.g., physical, verbal, graphic or written) that is sufficiently severe, pervasive or persistent so as to interfere with or limit the ability of an individual to participate in or benefit from the services, activities or privileges provided by a recipient.
- Treatment, which effectively causes, encourages, accepts, tolerates or fails to correct a racially hostile environment.

Any student who believes he or she has been subjected to racial harassment should discuss the problem with his/her principal, building Title VI coordinator, counselor, or another certified staff member. Initiation of a racial harassment complaint will not cause any adverse reflection of the student. The initiation of a student's complaint shall not adversely affect the job security or status of any employee or student until a finding of fact determines that improper conduct occurred. Strict confidentiality shall be maintained throughout the complaint procedure.

- In general, incidents of racial harassment shall result in:
 - 1st offense - warning
 - 2nd offense - 1 day in-school suspension
 - 3rd offense - 3-day out of school suspension
 - 4th offense - 5-day out-of-school suspension with a due process hearing scheduled with recommendation for long-term suspension/expulsion

It should be noted that the step process could be jumped at any time based upon the seriousness of the offense and the need for immediate action to prevent further incidents of harassment.

Repeated Violations of School Rules

Repeated student assignments to the Alternative Learning Center (ALC) are not an acceptable educational environment. In the event that this materializes, alternative means of education may be pursued any of the parties involved.

Sexual Harassment

BOE Policy (GAAC & JGEC)

District employees shall not sexually harass, or permit sexual harassment of a student by another employee, student, non-employee or non-student. Neither shall a student sexually harass another student or students. Violations of this policy shall result in disciplinary action, including termination of an employee, or disciplinary action against the student(s) involved. Supervisors who fail to follow this policy or who fail to investigate complaints shall be in violation of this policy. If the principal is the object of a harassment complaint, the student may bypass the principal and report directly to the superintendent. Complaints against the superintendent shall be heard by the board.

Sexual harassment shall include, but not be limited to:

- Sexually oriented communication, including sexually oriented verbal "kidding" or harassment or abuse;
- Subtle pressure or requests for sexual activity;
- Creating a hostile school environment, including the use of innuendoes or overt or implied threats;
- Unnecessary touching of an individual, e.g., patting, pinching, hugging, repeated brushing against another person's body;
- Requesting or demanding sexual favors accompanied by an implied or overt promise of preferential treatment with regard to a student's grades or status in any activity; or
- Sexual assault or battery as defined by current law.

Any student who believes he or she has been subjected to sexual harassment should discuss the problem with his/her principal, or another certified staff member. Initiation of a sexual harassment complaint will not cause any adverse reflection of the student. The initiation of a student's complaint shall not adversely affect the

job security or status of any employee or student until a finding of fact determines that improper conduct occurred. Strict confidentiality shall be maintained throughout the complaint procedure.

In general, incidents of sexual harassment shall result in:

- 1st offense - warning
- 2nd offense - 1 day in-school suspension
- 3rd offense - 3-day out of school suspension
- 4th offense - 5-day out-of-school suspension with a due process hearing scheduled with recommendation for long-term suspension/expulsion

It should be noted that the step process could be jumped at any time based upon the seriousness of the offense and the need for immediate action to prevent further incidents of harassment.

Student Academic Dishonesty Policy

Academic dishonesty, a basis for disciplinary action, includes but is not limited to activities such as cheating and plagiarism (presenting as one's own the intellectual or creative accomplishments of another without giving credit to the source or sources). The faculty member in whose course or under whose tutelage an act of academic dishonesty occurs has the option of failing the student for the academic assignment in question. The building administration should be advised of any action taken by the faculty member regarding academic dishonesty. The student has the right to appeal the charge of academic dishonesty; to initially begin with the faculty member issuing the charge, and then with one of the building administrators. In the event this chain of command does not rectify the issue, an appeal may be made to the Superintendent of Schools and then to the Board of Education.

One definition, cited from <http://legal-dictionary.thefreedictionary.com/Plagerism> - "The act of appropriating the literary composition of another author, or excerpts, ideas, or passages therefrom, and passing the material off as one's own creation." In simpler terms, Plagiarism is the use of someone else's words, ideas, theories, and/or writing without explicitly giving credit to that source. The intent to plagiarism may be purposeful as in taking another student's essay, changing the name on it, and submitting it as your own. This instance is unforgivable. Very often, however, the act of plagiarism is due to a lack of knowledge about what constitutes plagiarism - specifically how to paraphrase correctly.

HOW TO CITE SOURCES –In order to Prevent “Plagiarism”

For the sake of example, the following text will be used to examine what constitutes appropriate and inappropriate paraphrasing:

Driscoll, M. P. (2000). *Psychology of learning for instruction*. Needham Heights, MA: Allyn & Bacon, (p. 43).

When individuals perceive that their actions have little effect on aversive events, they, too, begin to exhibit symptoms of learned helplessness. In the context of learning, experiencing repeated failure or constant belittlement of their efforts can lead students to say, "I can't do this. I'm not a good reader" (or writer, or test-taker, or what have you).

Changing only a few words and/or phrases is still plagiarism: When individuals' actions have little effect on aversive events, so they start to show symptoms of learned helplessness.

Notice the difference in meaning: "when individuals perceive their actions ..." and "when individuals' actions have no effect..." What's more problematic is that no source is credited.

An appropriate paraphrase: When students continue to experience failure despite numerous attempts, and their efforts are not acknowledged, they begin to believe that they are incapable of being successful at a particular task, an indication of learned helplessness (Driscoll, 2000).

Another method: According to Driscoll (2000), individual's exhibit signs of learned helplessness when they sense their attempts at a specific task will remain unsuccessful, or be criticized.

A direct quote must also provide a page number: "In the context of learning, experiencing repeated failure or constant belittlement of their efforts can lead students to say, "I can't do this. I'm not a good reader" (or writer, or test-taker, or what have you)." (Driscoll, 2000, p. 43)

From these examples, you should note that it is extremely important to paraphrase without changing the writer's original meaning, AND credit your source OR quote directly giving credit where credit is due.

Final note: Plagiarism also extends to the use of information such as graphs, charts, statistics, etc.

No exceptions shall be made to the parent/guardian provision.

Students are not to carry lighters or matches at any time. If any of these products are displayed, they will be asked for and confiscated. The use and/or the possession of tobacco will warrant a parent contact, police contact, potential for ticket from the Haysville police department, and a suspension.

Visitor's to District Property/Events - (Public Conduct on District Property)

The Board encourages parents and other members of the public to visit district buildings and attend district events and activities; however, inappropriate behavior or conduct will not be tolerated.

Weapons

BOE Policy (JCDBB)

A student shall not knowingly possess, handle or transmit any object that can reasonably be considered a weapon at school, on school property or at a school-sponsored event. This shall include any weapon, any item being used as a weapon or destructive device, or any facsimile of a weapon.

Possession of a firearm or other weapon or facsimile of a weapon shall result in expulsion from school for a period of one calendar year, except the superintendent may recommend this expulsion requirement be modified on a case-by-case basis (see JDC). Students violating this policy shall be referred to the appropriate law enforcement agency(ies) and if a juvenile to Social Rehabilitation Services or the Commissioner of Juvenile Justice.

As used in this policy, the term "weapon" and/or destructive device means: Any weapon which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; the frame or receiver of any weapon described in the preceding example; any firearm muffler or firearm silencer; any explosive, incendiary or poison gas, bomb, grenade, rocket having a propellant charge of more than four ounces, missile having an explosive or incendiary charge of more than 1/4 ounce, mine or similar device; any weapon which will, or which may be readily converted to, expel a projectile by the action of an explosive or other propellant, and which has a barrel with a bore of more than 1/2 inch in diameter; any combination of parts either designed or intended for use in converting any device into a destructive device described in the two immediately preceding examples, and from which a destructive device may be readily assembled; any bludgeon, sand club, metal knuckles or throwing star; any knife, commonly referred to as a switchblade, which has a blade that opens automatically by hand pressure applied to a button, spring or other device in the handle of the knife, or any knife having a blade that opens or falls or is ejected into position by the force of gravity or by an outward, downward or centrifugal thrust or movement.

Athletics

Age (Rule 17)

Any student, who reaches fourteen on or before September 1, shall be ineligible for seventh grade competition. Any student, who reaches fifteen on or before September 1, shall be ineligible for eighth grade competition. Any student, who reaches the age of sixteen on or before September 1, shall be ineligible for any middle school competition.

Amateur Rule (Rule 21)

Ineligibility under this rule holds for the entire time the student is in middle school, unless the Executive Board reinstates him. A student who uses his or her athletic skill or knowledge for gain, or who plays with a professional team, or who competes for a cash prize, shall be ineligible for that sport. A student who receives pay for participation in athletics is ineligible in that sport under the provisions of this rule. The acceptance of merchandise, jackets, sweaters or other wearing apparel, athletic equipment, pay for pitching a game, remuneration for scoring a certain number of goals or making base hits, etc., or any other forms of cash merchandise award, is a violation of this rule. Neither may the foregoing be accepted as pay to cover necessary expenses.

Athletics/Activities

Competitive athletics are available to all seventh and eighth grade boys and girls. Boys may participate in cross-country, football, basketball, wrestling, tennis, and track. Girls' sports include cross-country, volleyball, tennis, basketball, wrestling and track. Cheerleading is available to students during football, both basketball and wrestling seasons. Students who have been placed on suspension are eliminated from participation in school activities, which occur during the time of their suspension. The sport specific rules may include additional suspension of games and/or removal from the team. You, as an individual involved in an activity offered at our school, are recognized as an official representative of the school and our community. Your conduct and sportsmanship, on and off the school premises, should display the highest possible standards.

Attendance

In order for a student/athlete to participate in an athletic practice, the student/athlete must be in attendance the final five hours (sixth through tenth hours) of the school day, unless administratively excused.

Bona Fide Student (Rule 14)

In order to be eligible for participation, the student must be a bona fide undergraduate member of that school and in good standing. A student who is under penalty of suspension or whose character or conduct brings discredit to the school or to the student, as determined by the administration, is not in good standing and is ineligible for a period of time as specified by the administration. A student who uses any form of tobacco, illegal drugs, alcoholic beverages, etc., at school events is not in good standing. A student who uses anabolic steroids would be ineligible for interscholastic competition until such time as medical evidence can be presented that his/her system is free of that drug. If a student competes under an assumed name, he or she shall be ineligible in all sports.

Lettering Policy

Student athletes who finish the season in good standing, with the coaches and academically, will receive a letter, sport emblem, and certificate for the first year of participation. In the second year of participation in the same sport, the student athlete will receive a bar and certificate for lettering.

Outside Competition (Rule 22)

A student who is a member of a school athletic team, scholars' bowl or debate squad effective Tuesday following Labor Day through Friday preceding Memorial Day may not participate as a member of an outside team or as an independent competitor in the same sport, scholars' bowl or debate activity. A student becomes a member of a school's athletic squad, scholars' bowl or debate team when he or she first participates in a practice session. A student ceases to be a squad member after his or her last contest for the school's athletic squad, scholars' bowl or debate team or when the membership on a squad is terminated. Participation on outside teams has limitations set forth by the KSHSAA. Any student athlete interested in competing on an outside team should contact the athletic director's office to receive a copy of these limitations as set forth by the KSHSAA.

Physical Examination Parental Consent

Students are not eligible to represent their school in interschool athletics, spirit or spirit competition groups until there is on file with the athletic director's office, a signed statement by a practicing physician or a registered physician assistant, certifying the student has passed an adequate physical examination and is physically fit to participate in interschool athletics, spirit or spirit competitions. This statement shall also be signed by a parent or legal guardian, stating the student has permission to participate. The Executive Board of the Kansas State High School Activities Association (KSHSAA) has approved a new Pre-Participation Physical Examination (PPE) form. The form is discussed in the Student Athlete Handbook. All students, (7-12) participating in KSHSAA interscholastic activities must have an annual physical examination on file in their school's office prior to the first practice in that activity. **May 1 is the earliest date to obtain a physical examination for the next school year.**

Regulations for Competing in Middle School Interscholastic Activities

Academics:

- Students who fail more than one class at semester shall be ineligible for the following semester

- Students who fail more than one class at quarter shall be ineligible for the following quarter.
- Students with more than one failing grade at mid-quarter shall be ineligible for competition until such time as the student is passing all classes.
- Students shall have only 2 semesters of eligibility in 7th grade and two semesters of eligibility in 8th grade; students repeating grades shall not be eligible.

Discipline:

- Out of School Suspensions shall result in reduced playing time in accordance with team policies.
- Extended In-School Suspension (ALC) assignments shall result in reduced playing time in accordance with team policies.
- Students must complete all ALC placements to be considered “in good standing” and regain eligibility. Students with outstanding ALC placements shall not be considered “in good standing” and shall be ineligible until such time as they are “in good standing.”

Absences:

- Students are expected to attend all practices and contests. Written verification of excused absences may be required. Students may be required to make up excused absences in accordance with team policies.
- Students may be required to make up unexcused absences in accordance with team policies. Unexcused absences shall result in a loss of playing time in accordance with team policies.

Playing Time:

- Reasonable efforts will be made to provide playing time to all participants in good standing; however, playing time shall be solely at the coach's discretion.

Transfer (Rule 18)

- **TRANSFER PURPOSE**—The purpose of the Transfer Rule is to protect students from being displaced by those who change schools for interscholastic activity reasons. It is devised to eliminate “school shopping” after a student has initially chosen the school of his/her choice. This avoids transfers when the motivation is for activity purposes and prohibits recruitment. Students transferring who do not meet the criteria or one of the exceptions listed in Sections 1, 2, or 3, would otherwise be taking the place of a student in interscholastic competition who has met those requirements.
- **NOTE:** In addition to the transfer rule, the student must meet all other rules and regulations, such as Age, Scholarship, Bona Fide Student in Good Standing, etc.
