Workshop Description

The purpose of this class is to give you work time to create books which you may not be able to do during your regular school day. Literacy and books are foundational in educating young learners at a variety of levels and abilities.

Please bring any supplies you may need to put your book(s) together. These could include: construction paper, glue, index cards, yarn, markers, colored pencils, cardstock, poster board, laptop, felt, foam shapes, scissors, ziploc type bags and any additional craft supplies you will be using or that you might be willing to share with others.

Equipment and materials provided include: paper cutter, 3-hole punch, single-hole punch, stapler, yard stick and hot glue gun. A copier is available at the DJBLC. Please bring colored copies of any images which you intend to use.

If you have something else which relates to literacy which you'd like to use this time to work on, please feel free to bring it. This can include things such as folder projects, games, flashcards, specially adapted worksheets, etc.
