Motivating Students & Staff

Workshop Description:

With our staff members being bombarded with so much in today's world, sometimes it is nice to be uplifted and empowered while learning about what we can do about school safety. We will discuss how to create change in your school and community, as well as remembering why we chose our profession in a culture of burnout. This workshop focuses on empowering the audience, and understanding that the sky truly is NOT falling!

Presented By: John Calvert

John Calvert graduated from Washburn University in 2006 with a degree in Criminal Justice. John was the School Resource Officer for Holton, Jackson Heights, and Royal Valley School Districts for 6 years. After a 12-year career in Law Enforcement, John accepted a position with the Kansas State Department of Education and is now the Director of the Safe and Secure Schools Unit. John has written for Safe and Civil Schools, has presented all over the state of Kansas over a variety of school safety issues, and has been a keynote speaker and spoken at National Conferences across the United States. John is a 2020 Topeka's Top 20 Leaders Under 40 Honoree. John is a strong believer that nothing can change without building positive relationships and believes that change in our schools should be student lead.
