3rd Grade

What We're Learning About...

We are covering several topics in math including division and multiplication strategies. Your child is expected to know their multiplication facts through 12 by the end of the year! Practice with them 😊

In science we have learned about different adaptations and classifications of animals. We are currently studying life cycles of various organisms.

Important Dates

Oct. 13th: End of Nine Weeks No School

Oct. 16th-18th Parent Teacher Conferences (4:10-8:30 PM)

Oct. 19th and 20th: No School

Oct. 27th Fall Parties (2:45 to 3:30)

Chilly Weather ahead...

Please begin sending your child to school with a jacket daily!

Homework Reminder

Students generally have reading, a math homelink, and spelling daily! Please remember to remind your child to complete all of their assignments so they are able to earn FLEX time.
