**CONTINUOUS NON-DISCRIMINATION STATEMENT**

Haysville Unified School District 261 does not discriminate on the basis of race, color, national origin, sex, disability, military status or age in its programs and activities. The following person has been designated to handle inquiries regarding the non-discrimination policies: Gillian Macias, Assistant Superintendent for Human Resources, 1745 West Grand, Haysville, Kansas 67060 Office Phone: (316) 554-2206, Email: [gmacias@usd261.com](mailto:gmacias@usd261.com)

**ABSENCES**

The negotiated agreement allows for sick/personal leave. The number of days used for personal leave or a combination of Sick/Personal leave within any school year shall not exceed the number of sick/personal leave days awarded for that contract year. Days contributed to the sick leave bank will be counted in this number. After the days awarded for the current year are used, only sick leave will be granted. Sick/Personal Leave requests shall be made in advance whenever possible. Planned Sick/Personal Leave of more than 2 days shall be submitted at least one week in advance

If it is impossible for a teacher to meet his/her class because of illness or other unforeseen cause, please contact AESOP, the USD 261 district absentee program. This contact can be made via online services at

aesoponline.com, or the contact can be made via the telephone at 1-800-94-AESOP. All HMS staff members receive a detailed instruction card at the beginning of the school year. If this card becomes lost or misplaced, please contact Mrs. Cindy Williams in the office for a replacement. This information is essential for payroll purposes. Each teacher shall have detailed lesson plans, seating charts, attendance materials, grade book and other necessary materials visible for substitute teachers. When it is necessary for teachers to be absent for an hour or two, whether it is because of illness or professional duty, period substitutes will be assigned by one of the office staff.

### **ACADEMIC FREEDOM: BOE Policy IAA**

No arbitrary limitations shall be placed by teachers upon study, investigation, presentation and interpretation of facts and ideas when pursued in accordance with the approved curriculum.

### **ACCIDENT REPORTS**

All accidents, which occur on the school premises to either students or staff members, should be reported to the health aide and to the administration immediately. The person who administers help at the scene of the accident will make a written report. If a staff member is injured, Workman Compensation forms must be completed.

### **ACCOUNTING, THE TEACHER'S ROLE**

Reporting absences correctly is very important. Records of all absences should be recorded in your grade book through the means of PowerGrade on your laptop computer. This must be done on a daily basis so that all attendance records are accurate. Exceptions to this practice need prior approval through the administration.

When a student is absent, his/her parent(s) should telephone 554-2251 before he/she returns to school. This should normally be done on the day of the absence. Having one's parent call the school regarding an absence does not guarantee an excused absence; it merely furnishes assurance that the parents know about the absence. An attempt will be made by the attendance clerk to notify the parents whenever a student is absent. However, it is the responsibility of the parents to see that their child is in regular attendance. The law is very specific that the parent(s) has the obligation to see that his/her child is in school. The school assumes that a student who is absent because of illness will also be unable to work, to participate in an activity or to attend social functions later in the same day. Whenever it is necessary for a student to be absent from school for a cause such as a dental or doctor appointment, the parent must consult the principal before the absence occurs if they wish for the child to attend a school function later that day. Students are to return to school after a dental or doctor appointment whenever possible with verification from the doctor or dentist office. Absences, which are clearly unavoidable, are classified as excused and the student is entitled to credit for make-up work if it is completed within the prescribed time limit. In general, two days are allowed for each day of excused absence to complete make-up work. A maximum of five (5) days will be allowed for any extended excused absence. The individual classroom teacher can make exceptions to this timeline. Students are held responsible for learning what the make-up work is and for getting it in on time.

Our school must and will operate under the requirement of State of Kansas law 72-1113 (c) (1) "Whenever a child is required by law to attend school and is enrolled in school, and the child is inexcusably absent therefrom on either three consecutive school days or five school days in any semester or seven school days in any school year, whichever of the foregoing occurs first, the child shall be considered to be not attending school as required by law. A child is inexcusably absent from school if the child is absent therefrom all or a significant part of a school day without a valid excuse acceptable to the school employee designated by the board of education to have responsibility for the attendance of such child." Students less than 13 years of age who are in violation of this law will be reported to Social and Rehabilitation Services. Students 13 or more years of age but less than 16 years of age who are in violation of this law will be reported to the appropriate county or district attorney.

### **ALTERNATIVE LEARNING CENTER (ALC)**

The alternative learning center is used for students who are disruptive to the learning environment in the school. Students who receive an Office Discipline Referral (ODR) should report immediately to ALC. Students who are assigned to ALC will receive work to complete from their regular classroom instructors. This work may include classroom assignments, review assignments, enrichment assignments and tests. The ALC supervisor will

notify the sending teacher when a student arrives with a discipline slip.

Teacher responsibilities for the alternative learning center (ALC):

1. Three sets of classroom textbooks for your subject need to be checked out to the ALC room. These books will be kept in the ALC room for the year. Reference books are available in the ALC room.
2. Supplemental materials, handouts, etc., must be in the ALC room prior to the day starting on the day that your student has been assigned to ALC.

### **ANIMALS AND PLANTS IN THE SCHOOL: BOARD POLICY ING**

With the prior approval of the principal, animals or plants may be brought to school for instructional purposes. If someone is injured by an animal or comes into contact with a toxic plant, the incident shall be immediately reported to the administration by the supervising teacher. The principal shall notify the appropriate persons.

### **ARRIVAL TIME**

Arrival time for the 2023-2024 school year will be 7:05 a.m. Duty times will be allocated as follows: 7:05 – 7:35 a.m., and 2:50 – 3:05 p.m. daily. Classrooms shall be opened at least fifteen minutes before the instructional day begins unless a meeting has been scheduled during that time. Teachers are expected to be available to students, parents, fellow teachers, and administrators during duty time. There are occasions of emergency when a teacher will need to leave early. Please check with an administrator prior to leaving early on any day. Teachers are required to check out and back in through the office on any occasion when they must leave during the school day. This can be accomplished by calling the office.

### **ASSEMBLY SEATING**

Teachers are to be in control of their students in the assembly. Teachers are expected to sit with their class during the assembly. Teachers will lead their class as they bring them to assemblies. This will minimize behavior problems and make the program more pleasing to all in attendance.

### **BLOODBORNE PATHOGEN EXPOSURE CONTROL PLAN: BOARD POLICY GARA**

The board shall adopt an exposure control plan, which conforms with current regulations of the Kansas Department of Human Resources (KDHR). The plan shall be accessible to all employees and shall be reviewed and updated at least annually. All staff shall receive the training and equipment necessary to implement the plan.

### **CAPITAL OUTLAY ITEMS**

Equipment of a permanent nature that costs more than \$200 and would last more than 3 years must be purchased through capital outlay funds. Forms for major purchase capital outlay items must be filled out completely with the following information:

1. Possible Vendor
2. Catalog number
3. Description of item(s) to be purchased
4. Estimated cost
5. Justification for need of the item(s) to be purchased

### **CELL PHONE USE AT SCHOOL**

A number of staff members carry cell phones to school for personal use. Ringers on cell phones are to be turned off during classroom time so that learning opportunities are not diminished. Personal calls should only be made during individual planning periods.

### **CLASS PARTIES**

Class or activity parties are not to be scheduled on regular classroom time without the prior consent of the administration. All classroom parties and/or incentive parties MUST follow the HMS building wellness policy.

### **CLASSROOM AND HALL SUPERVISION**

Students should never be left in a classroom or other area without the supervision of a teacher. Classrooms are to be locked whenever teachers are out of the room. When teachers leave classrooms for the day, the lights should be turned off and the door locked. All teachers have the responsibility of monitoring the hallways before school, after school and during passing periods. Teacher monitoring during these times should be in the area located just outside of their classroom. Teachers may place a student temporarily in the hall during class time if the assignment is for non-disciplinary reasons and the student will be in the hall for 10 minutes or less. Students should not be left unsupervised in the hall for disciplinary reasons. This practice should only be used as a last resort.

All instructional and paraprofessional staff should address inappropriate behavior of students in the classrooms and hallways. Students should be told to stop inappropriate behavior immediately. In most cases, this will resolve the situation. Should the student fail to cooperate or if the behavior is totally inappropriate, there is a classroom Behavior Management Form (BMF) and Office Discipline Referral (ODR) protocol in place.

### **CLASSROOM DISRUPTIONS**

Each classroom teacher will establish expectations that will be enforced within their classroom. Students who choose to disrupt the learning environment within the classroom will be dealt with in the following manner:

- **Major Disruptions:** This type of disruption will be referred to the ALC (Alternative Learning Center) room with an Office Discipline Referral. Consequences for these behaviors could include conferencing with the student and in many cases the parent, in-school suspension, out-of-school suspension, and out-of-school suspension with a due process hearing scheduled. The consequences at this level will be at the discretion of the administrator. The classroom teacher will make contact with the home for each Office Discipline Referral (ODR) that they write.
- **Minor - Repetitive Disruptions:** These are the behaviors, which continually diminish the quality of education in the classroom. The teacher will document the student behaviors and the strategies that he/she has used to correct them. The teacher will determine when it is appropriate to schedule a conference with the student to determine future expectations for the student in the classroom. The teacher will notify the parent of the problem and let him/her know that future problems will result in a teacher assigned in-school suspension from his/her classroom. Should an in-school suspension be enforced, a conference will be held during the time of the suspension to establish a probation procedure to be followed for the remainder of the class. Please note that this conference will be held during the school day. The parties to be present during this conference will include the student, parent/guardian, teacher, and administrator. A contract will be written during this conference which outlines future consequences for the student disrupting the classroom.

### **CLASSROOM EXPECTATIONS**

Each classroom teacher is accountable for the climate established in the classroom. In the event student behaviors so warrant, the classroom Behavior Management Form (BMF), and/or the Office Discipline Referral Form (ODR) protocols shall be implemented. Expected behaviors include:

- Appropriate noise levels will be maintained.
- Students should be polite and not infringe on others, physically or emotionally.
- Students need to remain on task. Students should not be allowed to interfere with the learning opportunities of others.
- Students should come to class prepared to work. They need to be on time and have appropriate materials.
- Students should respect the property of the school and other students.

### **Children's Internet Protection Act: BOE Policy IIBGA**

The district shall implement and enforce an internet safety plan meeting the requirements of the Children's Internet Protection Act (CIPA). The superintendent shall develop a plan to implement the Children's Internet Protection Act.

Such plan shall include measures to address the following issues:

- 1) Access by minors to inappropriate matter on the Internet and World Wide Web.,

For the purposes of this policy, "minor" shall be defined to mean any student who is 18 years of age or under. The board charges the superintendent to develop the CIPA implementing plan so that all of the protections provided by this policy and the corresponding plan may be afforded to all district students.

Such action may include, suspension, placement on probationary status, or other disciplinary action including termination. Alternatively, or in addition to any action short of termination, the employee may be required to participate satisfactorily in an approved drug abuse assistance or rehabilitation program as a condition

of continued employment. The employee shall bear the cost of participation in such a program. Each employee in the district shall be given a copy of this policy.

This policy is intended to implement the requirements of the federal regulations promulgated under the Drug Free Workplace Act of 1988, 34 CFR Part 85, Subpart F. It is not intended to supplant or otherwise diminish disciplinary actions, which may be taken under board policies or the negotiated agreement.

Maintaining a drug free workplace is important in establishing an appropriate learning environment for the students of the district. The unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the district.

### **EDUCATIONAL TESTING PROGRAM: BOARD POLICY II (SEE JR ET SEQ.)**

The district educational testing program shall consist of multiple assessments. These assessments shall include, as a minimum, individual teacher subject matter tests, district group achievement tests, and state required tests.

#### **Test Integrity**

The board requires all licensed staff members to protect the integrity of the student assessment process. Honest administration of the test and accurate reporting of student achievement to the board, the community and the state of Kansas is necessary to maintain accountability measures. All students and staff are required to maintain a high level of integrity in the administration and completion of student assessments.

#### **Reporting Test Results**

The superintendent shall report annually in writing to the board the results of the district's academic achievement testing program. State required test results shall be disaggregated as required by current regulation and shall be reported annually to the board, district patrons and the State Board of Education.

### **EMERGENCY SAFETY INTERVENTIONS – BOE POLICY GAAF**

- The board of education is committed to limiting the use of Emergency Safety Intervention (“ESI”), such as seclusion and restraint, with all students. Seclusion and restraint shall be used only when a student’s conduct necessitates the use of an emergency safety intervention as defined below. The board of education encourages all employees to utilize other behavioral management tools, including prevention techniques, de-escalation techniques, and positive behavioral intervention strategies.
- This policy shall be made available on the district website with links to the policy available on any individual school pages. In addition, this policy shall be included in at least one of the following: each school’s code of conduct, school safety plan, or student handbook. ### **Use of Emergency Safety Interventions**

ESI shall be used only when a student presents a reasonable and immediate danger of physical harm to such student or others with the present ability to affect such physical harm. Less restrictive alternatives to ESI, such as positive behavior interventions support, shall be deemed inappropriate or ineffective under the circumstances by the school employee witnessing the student’s behavior prior to the use of any ESI. The use of ESI shall cease as soon as the immediate danger of physical harm ceases to exist. Violent action that is destructive of property may necessitate the use of an ESI. Use of an ESI for purposes of discipline, punishment, or for the convenience of a school employee shall not meet the standard of immediate danger of physical harm.

### **ESI Restrictions**

- A student shall not be subjected to ESI if the student is known to have a medical condition that could put the student in mental or physical danger as a result of ESI. The existence of such medical condition must be indicated in a written statement from the student’s licensed health care provider, a copy of which has been provided to the school and placed in the student’s file.
- Such written statement shall include an explanation of the student’s diagnosis, a list of any reasons why ESI would put the student in mental or physical danger, and any suggested alternatives to ESI. Notwithstanding the provisions of this subsection, a student may be subjected to ESI, if not subjecting the student to ESI would result in significant physical harm to the student or others.

### **Use of Seclusion**

- When a student is placed in seclusion, a school employee shall be able to see and hear the student at all times.

- All seclusion rooms equipped with a locking door shall be designed to ensure that the lock automatically disengages when the school employee viewing the student walks away from the seclusion room, or in case of emergency, such as fire or severe weather.
- A seclusion room shall be a safe place with proportional and similar characteristics as other rooms where students frequent. Such a room shall be free of any condition that could be a danger to the student, well-ventilated, and sufficiently lighted.

### **Training**

- All staff members shall be trained regarding the use of positive behavioral intervention strategies, de-escalation techniques, and prevention techniques. Such training shall be consistent with nationally recognized training programs on ESI. The intensity of the training provided will depend upon the employee's position. Administrators, licensed staff members, and other staff deemed most likely to need to restrain a student will be provided more intense training than staff who do not work directly with students in the classroom. District and building administration shall make the determination of the intensity of training required by each position.
- Each school building shall maintain written or electronic documentation regarding the training that was provided and a list of participants, which shall be made available for inspection by the state board of education upon request.

### **Notification and Documentation**

- The principal or designee shall notify the parent the same day as an incident. The same-day notification requirement of this subsection shall be deemed satisfied if the school attempts at least two methods of contacting the parent. A parent may designate a preferred method of contact to receive the same-day notification. Also, a parent may agree, in writing, to receive only one same-day notification from the school for multiple incidents occurring on the same day.
- Documentation of the ESI used shall be completed and provided to the student's parents no later than the school day following the day of the incident. Such written documentation shall include: (A) The events leading up to the incident; (B) student behaviors that necessitated the ESI; (C) steps taken to transition the student back into the educational setting; (D) the date and time the incident occurred, the type of ESI used, the duration of the ESI, and the school personnel who used or supervised the ESI; (E) space or an additional form for parents to provide feedback or comments to the school regarding the incident; (F) a statement that invites and strongly encourages parents to schedule a meeting to discuss the incident and how to prevent future incidents; and (G) email and phone information for the parent to contact the school to schedule the ESI meeting. Schools may group incidents together when documenting the items in subparagraphs (A), (B) and (C) if the triggering issue necessitating the ESIs is the same.
- The parent shall be provided the following information after the first and each subsequent incident during each school year: (1) a copy of this policy which indicates when ESI can be used; (2) a flyer on the parent's rights; (3) information on the parent's right to file a complaint through the local dispute resolution process (which is set forth in this policy) and the complaint process of the state board of education; and (4) information that will assist the parent in navigating the complaint process, including contact information for Families Together and the Disability Rights Center of Kansas. Upon the first occurrence of an incident of ESI, the foregoing information shall be provided in printed form or, upon the parent's written request, by email. Upon the occurrence of a second or subsequent incident, the parent shall be provided with a full and direct website address containing such information.

### **Law Enforcement, School Resource, and Campus Security Officers**

- Campus police officers and school resource officers shall be exempt from the requirements of this policy when engaged in an activity that has a legitimate law enforcement purpose. School security officers shall not be exempt from the requirements of this policy.
- If a school is aware that a law enforcement officer or school resource officer has used seclusion, physical restraint, or mechanical restraint on a student, the school shall notify the parent the same day using the parent's preferred method of contact. A school shall not be required to provide written documentation to a parent, as set forth above, regarding law enforcement use of an emergency safety intervention, or report to the state department of education any law enforcement use of an emergency safety intervention. For purposes of this subsection, mechanical restraint includes, but is not limited to, the use of handcuffs.

### **Documentation of ESI Incidents**

Except as specified above with regard to law enforcement or school resource officer use of emergency safety interventions, each building shall maintain documentation any time ESI is used with a student. Such documentation must include all of the following:

- Date and time of the ESI,
- Type of ESI,
- Length of time the ESI was used,
- School personnel who participated in or supervised the ESI,
- Whether the student had an individualized education program at the time of the incident,
- Whether the student had a section 504 plan at the time of the incident, and whether the student had a behavior intervention plan at the time of the incident.

All such documentation shall be provided to the building principal, who shall be responsible for providing copies of such documentation to the superintendent or the superintendent's designee on at least a biannual basis. At least once per school year, each building principal or designee shall review the documentation of ESI incidents with appropriate staff members to consider the appropriateness of the use of ESI in those instances.

### **Reporting Data**

District administration shall report ESI data to the state department of education as required.

### **Parent Right to Meeting on ESI Use**

- After each incident, a parent may request a meeting with the school to discuss and debrief the incident. A parent may request such a meeting verbally, in writing, or by electronic means. A school shall hold a meeting requested under this subsection within 10 school days of the parent's request. The focus of any such meeting shall be to discuss proactive ways to prevent the need for emergency safety interventions and to reduce incidents in the future.
- For a student with an IEP or a Section 504 plan, such student's IEP team or Section 504 plan team shall discuss the incident and consider the need to conduct a functional behavioral assessment, develop a behavior intervention plan, or amend the behavior intervention plan if already in existence.
- For a student with a section 504 plan, such student's section 504 plan team shall discuss and consider the need for a special education evaluation. For students who have an individualized education program and are placed in a private school by a parent, a meeting called under this subsection shall include the parent and the private school, who shall consider whether the parent should request an individualized education program team meeting, the private school shall help facilitate such a meeting.
- For a student without an IEP or Section 504 plan, the school staff and the parent shall discuss the incident and consider the appropriateness of a referral for a special evaluation, the need for a functional behavioral assessment, or the need for a behavior intervention plan. Any such meeting shall include the student's parent, a school administrator for the school the student attends, one of the student's teachers, a school employee involved in the incident, and any other school employees designated by the school administrator as appropriate for such meeting.
- The student who is the subject of such meetings shall be invited to attend the meeting at the discretion of the parent. The time for calling such a meeting may be extended beyond the 10-day limit if the parent of the student is unable to attend within that time period. Nothing in this section shall be construed to prohibit the development and implementation of a functional behavior assessment or a behavior intervention plan for any student if such student would benefit from such measures.

### **Local Dispute Resolution Process**

- If a parent believes that an emergency safety intervention has been used on the parent's child in violation of state law or board policy, the parent may file a complaint as specified below.
- The board of education encourages parents to attempt to resolve issues relating to the use of ESI informally with the building principal and/or the superintendent before filing a formal complaint with the board. Once an informal complaint is received, the administrator handling such complaint shall investigate such matter, as deemed appropriate by the administrator. In the event that the complaint is resolved informally, the administrator must provide a written report of the informal resolution to the superintendent and the parents and retain a copy of the report at the school. The superintendent will share the informal resolution with the board of education and provide a copy to the state department of education.
- If the issues are not resolved informally with the building principal and/or the superintendent, the parents may submit a formal written complaint to the board of education by providing a copy of the complaint to

the clerk of the board and the superintendent within thirty (30) days after the parent is informed of the incident.

- Upon receipt of a formal written complaint, the board president shall assign an investigator to review the complaint and report findings to the board as a whole. Such investigator may be a board member, a school administrator selected by the board, or a board attorney. Such investigators shall be informed of the obligation to maintain confidentiality of student records and shall report the findings of fact and recommended corrective action, if any, to the board in executive session.
- Any such investigation must be completed within thirty (30) days of receipt of the formal written complaint by the board clerk and superintendent. On or before the 30th day after receipt of the written complaint, the board shall adopt written findings of fact and, if necessary, appropriate corrective action. A copy of the written findings of fact and any corrective action adopted by the board shall only be provided to the parents, the school, and the state department of education and shall be mailed to the parents and the state department within 30 days of the board's receipt of the formal complaint.
- If desired, a parent may file a complaint under the state board of education administrative review process within thirty (30) days from the date a final decision is issued pursuant to the local dispute resolution process.

Unless otherwise noted all of the following policies were re-adopted July 16, 2018.

Requests for use of district equipment by individuals or outside organizations shall be submitted to the superintendent. Any request shall be granted or denied pursuant to guidelines for using equipment developed by the administrator and approved by the board. The superintendent may establish a deposit for use of school equipment before it is removed from the school grounds or other district property. The deposit will be paid to the principal and will be refunded when the equipment is returned in working order.

##### **Personal Use**

No district equipment shall be used by staff for personal reasons at school or away from its designated station without the prior approval of the building principal.

#### **EXCHANGE OR SALE OF ARTICLES**

No student will be permitted to exchange personal possessions such as pens, jewelry, articles of clothing, etc. Students will not be allowed to sell articles (candy, cookies, cards, etc.) on school property unless they are a member of a school sponsored group, and the sale has been approved through the principal.

Staff members who are interested in working for pay at extra-curricular activities need to contact the athletic director. The athletic director will assign workers for the activities. Pay for working these activities will be per negotiated agreement.

#### **FACILITY USE**

All requests for use of school facilities outside of the normal school day need to be arranged through the office. A electronic building usage form must be filled out to ensure that multiple groups are not assigned to the same areas in the building. A building administrator must sign this form. Approval for such use of the building will be based upon BOE policy. School activities will have priority for school facilities.

#### **FACULTY MEETINGS**

Faculty meetings involving the total faculty will be held on an as needed basis. It is the expectation of the administration that all staff members not on duty or involved in an IEP/504 meeting be in attendance during these meetings.

## EMERGENCY DRILLS

Tornado, fire, other crises, and building evacuation drills are held on a regular basis for students' safety. The school follows established procedures from the state fire marshal's office and the district crisis plan for these drills.

In the event of an actual emergency, parents/guardians may pick up your child at the designated evacuation site outlined in your school's information packet. We will not release children to other adults or by telephone calls from parents.

### **Critical Incident Drills:**

#### **Standard Response Protocol**

- **Student Safety**
  - **A critical ingredient in the safe school recipe is the classroom response to an incident at school. Weather events, fire, accidents, intruders and other threats to student safety are scenarios that are planned and trained for by students, teachers, staff and administration.**
- **SRP**
  - **Our school is expanding the safety program to include the Standard Response Protocol (SRP). The SRP is based on these five actions. Lockout, Lockdown, Evacuate, Shelter and Hold. In the event of an emergency, the action and appropriate directions will be called on the PA.**
- **Lockout** – “Secure the Perimeter”
- **Lockdown** – “Locks, Lights, Out of Sight”
- **Evacuate** – “To the Announced Location”
- **Shelter** – “For a Hazard Using Safety Strategy”
- **Hold!** – “In your classroom. Clear the halls.”
- All drills will be preceded by an announcement of such drill no earlier than five minutes prior to the drill. In the event an announcement is not made, this is an indication to the staff and students that the opportunity at hand is real, and they are to act accordingly.

### **Fire Drills:**

- All personnel and students will participate in all fire drills.
- Drills will be held at regular intervals during the school year.
- Fire drills will be preceded by an announcement of such drill no earlier than five minutes prior to the drill. In the event an announcement is not made, this is an indication to the staff and students that the opportunity at hand is real, and they are to act accordingly.
- If a stairway or door is blocked, use the alternate route as assigned.
- At the sound of the fire alarm, students will leave all work immediately. All books and notebooks will be left on desks.
- When fire drills occur, the safety of the occupants of the building should be considered above all else. Everyone should move at least 100 feet away from the building.
- The teacher will be responsible for closing the classroom door and windows in addition to turning out all lights when the last student has made his/her exit. All teachers should take their laptops and follow their groups in the fire drill. Teachers should take role when arriving at their destination outside of the building.
- An announcement will be made to signal all clear and okay to return to class. Do not enter the building until the all clear signal has sounded.

### **Tornado Drills:**

- All students shall move with their classes, following the designated procedure as outlined for the specific class they are in at the time of the alert. Students not in a class (such as in the hall or going to the media center) shall proceed to any designated assigned area.
- Under no condition shall students run, but shall walk rapidly. Remain calm, alert, and quiet so announcements can be heard. When the tornado alert is lifted, an announcement will be made.

Remain in designated areas until the all clear is given. All teachers should take their laptops and follow their group.

Fire and tornado drills will be conducted on a regular basis. Instructions for fire drills:  
Fire drill instructions should be posted near the door of each classroom. Fire drills will be initiated with the sounding of the fire alarm.

1. Close all windows and doors. Do not lock the doors.
2. Teachers will need to take their computer outside with them.
3. Staff members need to accompany their class at least 100 feet from the building. The class should be kept together and supervised at all times.
4. Students should walk out of the building in a single file line. Students should walk fast, but not run.
5. Classes should not return to the building until an "all-clear" signal is given by an administrator.
6. Once the "all-clear" signal has been given, classes should return to the building in an orderly fashion.
7. Instructions for exiting classes will be provided at the beginning of each school year.
8. Alternative routes should be used if the primary exit is not accessible.

**Tornado drills will be announced over the intercom.**

Instructions for tornado drills should be posted near the door of each classroom. Teachers will accompany their students when the tornado alarm sounds. Instructions for tornado drills include:

1. Close all windows and doors. Do not lock the doors.
2. Teachers will need to take their grade book, crisis handbook, and flashlight with them.
3. Staff members need to accompany their class to their assigned area. The class should be kept together and supervised at all times.

7. Classes should not return to their classroom until an "all-clear" signal is given. The "all-clear" signal will be announced over the intercom.
8. Once the "all-clear" signal has been given, classes should return to their classroom in an orderly fashion.

Students will not be released from school during a time of a tornado warning for any reason to anyone, **EXCEPT THEIR PARENT OR GUARDIAN who comes personally and requests that their son/daughter be released.** Telephone requests for students to be released will not be honored. Request for students to be released by persons other than parents/guardians will not be honored. Please note this includes brothers, sisters, and other relatives or baby-sitters.

**FIELD TRIPS AND EXCURSIONS: BOARD POLICY IFCB-R**

Field trips may be approved by the principal when reasonable educational objectives can be established. Advance requests for field trips including transportation and other resource needs shall be submitted by the teacher to the principal. Each building principal shall develop a form to notify parents of a forthcoming field trip. The form shall include the nature of the trip, departure time, expected return time, name of sponsor(s), and mode of travel. The form shall also include a space where a parent may ask that a child be excused and the reasons for the excuse.

**FIRST AID: BOARD POLICY JGFG & JGFG-R**

When a staff member sees a student who has been involved in an accident at school, on school property or at a school-sponsored event, the staff member shall follow the rules for the care of an injured student and report the accident to the building principal. If a student has an accident, which appears to require medical

treatment, no action shall be taken by an employee except to send for medical help and to make the student as comfortable as possible while waiting for medical assistance to arrive. If an employee is qualified to administer first aid, that aid may be given. Qualified employees, for the purpose of this policy, are those employees who have successfully completed an approved Red Cross first aid program or the school health clerk.

Appropriate records shall be kept in case a student accident occurs.

When appropriate, the student's parent(s) shall be notified of the injury as soon as possible to determine appropriate action. If the student needs medical attention and the parents cannot be reached, the principal shall seek emergency medical treatment.

#### Records

Appropriate records documenting student accidents shall be kept on file in the principal's office.

### **FLAG SALUTE**

Participation in the flag salute is not mandated, yet highly encouraged. The Pledge of Allegiance is read over the intercom at the beginning of first hour daily. You cannot mandate that an individual participates in this activity.

### **FUNDRAISING**

The purpose of fundraising is to raise money for projects and activities of an organization, club, or class to benefit student activities beyond what is allowed by the Board of Education subsidy. School organizations provide an important extracurricular opportunity to develop student leadership and involvement through the attainment of worthwhile goals designed to accomplish the organization's purpose--fund raising should not be for individual gain, membership parties, etc. The following guidelines encourage student involvement with "checks and balances" designed to provide accountability and protection for all parties handling fundraising products and monies. They also recognize the need for funds by "many" organizations operating in a limited market. There are many ways to involve students in the organization's purpose with little or no costs--campus beautification, provide tutoring services, posters/recognition, etc.

1. All projects, drives, campaigns, etc. must be submitted to the Principal for approval. The Principal will screen requests with respect to the following: a) organization's need/goal, b) conflict with other school activities or fundraisers, c) type, quality, price of product, d) past experience with and expected support by the company (presorted products, return of unsold items, computer generated checkout/collection summaries for each seller and total group, etc.).
2. All income and expenditures must be processed through the school activity account. All funds must be placed in the school activity account and dispersed by check. Under no circumstances is any sponsor or club member to collect money and then spend it. No checks will be issued until funds are available in the club account--it is illegal to ever have an activity account with a negative balance. Most fundraising companies work with schools through pre-sales/consignment and bill the organization after products are distributed and monies are collected.
3. The sponsor is responsible for the products purchased and the monies collected. The system of accounting for the distribution of product and collection/transfer of monies should be approved by the Principal. The Principal is available to help develop an accurate accounting system with "checks and balances" to protect the sponsor, students and organization from accusations of theft/loss and to help insure the projected profit for the efforts expended. Many companies provide computer generated checkout/collection sheets that could easily be modified to provide appropriate checks and balances.
4. **DISTRIBUTION OF PRODUCT:** The recommended procedure is that the money is to be collected when the product is delivered. If you find you need a different procedure, please contact the Principal in advance. Whether you use students to sort items into individual seller bags for their distribution and collection or the company provides this service, each bag should contain a listing of what items go to each customer and the amount to be collected (include 6.3% tax) from each customer and total amount to be collected for all items issued. Have one student confirm count in each bag and initial listing. Set a time, with officer help, for sellers to pick up items confirming count in bag and sign/date checkout sheet to that effect. Checkout/Collection sheet (could be sheet for each individual or summary of all sellers) should contain "Seller Name", individual "Item Count, per item Cost", "Tax", "Total Due" to be collected by seller, and sign/date "Item Receipt" column.

5. UTILIZE STUDENTS, IT'S THEIR FUNDRAISER, BUT BE PRESENT AND MONITOR THEM FOR THEIR PROTECTION. Work with the Principal to help you determine the appropriate level of involvement of your students in handling monies for the particular fund raiser approved.
6. USE LOCKED BANK BAG/VAULT/NIGHT DEPOSIT: The office will issue the sponsor a lockable bank bag for safe storage of their monies from tampering while the bag is in their possession or in the vault. Frequent deposits or use of a different bag for daily collections is suggested versus transporting large sums of monies to and from your room. Except in the presence of the sponsor, students should not have access to the bank bag.
7. COLLECTION OF MONIES: Checkout/Collection sheet may be used to record collection of monies from students.
  - a) Set time for collection of monies in your presence.
  - b) Sponsors should accept money packets from students outside of scheduled times to avoid students carrying large sums of money around school, a receipt of such is mandatory.
  - c) Figure and collect current sales tax on all fundraising items sold--by law, it must be paid whether you collect it or not.
  - d) Receipt books must be used. They may be obtained from the office.

### **GIFTS: BOARD POLICY JL (SEE GAJ, KH)**

The giving of gifts between students and staff members is discouraged. Unless approved by the principal, staff members shall not give gifts to any student or class of students when the gifts arise out of a school situation, class or school-sponsored activity.

#### **Gifts to Staff Members**

Staff members are prohibited from receiving gifts from vendors, salesmen or other such representatives. Premiums resulting from sales projects sponsored by the school shall become the property of the school.

Any organization or individual making a gift to the district shall have the prior approval of the board. All gifts will be regarded as district property.

### **GRADE BOOKS**

Grade books are essential for maintaining accurate records on student progress. They are also necessary to take accurate attendance. Each teacher should keep their grade book (computer) in a secure place where students do not have access. Students should never be allowed to see another student's grades in the grade book. Oral reading of grades is not allowed. These situations would be violations of the Family Privacy Act.

Your grade book, through the means of PowerGrade and PowerSchool, should also be used as a communication tool for USD 261 patrons. It is reasonable to request that assignments be posted on a daily basis so that parents are able to determine if their child had homework for the day. It is also reasonable to specify that all grades be posted as soon as possible and if delays are to exist, those delays need to be communicated through the means of the description of said assignment. Grades shall be updated at least once per week, preferably prior to the weekend.

### **GRADING PROCEDURES**

Arrived at through the means of staff discussion, implementation, and constant evaluation, Haysville Middle School holds the expectation that missing assignments are not an acceptable practice. To this end, it is the responsibility of staff to allow students to turn in missing work from each grading Period. The formal timeline for this feature; the work must be turned in no later than one full week following the close of the grading Period in question. The only exception to this process would be the end of the school year and the need for grades to be determined for promotion and/or retention purposes as quickly as possible. In the event that an individual teacher wants to extend this timeline, that teacher has the authority to do such. The timeline cannot be shortened, nor can the provision to not give credit be altered.

This student work will be given credit for this work. Students will not be expected to turn in this work for no credit. If no credit is given for this work, then the assignment will not count for any student in that specific class.

### **GRADING PROCEDURES – END OF THE YEAR FINAL GRADE CALCULATION**

Each individual grading Period will be assigned a point value on the four-point scale, A=4, B=3, C=2, D=1, and F=0. For a student to meet the promotion criteria, that student must accumulate 4 total points and receive teacher recommendation. In the event a student does not accumulate 4 total points, that student may be promoted on the teacher recommendation component alone.

### **GUIDED STUDY PERIOD**

This period will be during 8th hour of the day and should be used for student homework purposes. A child may request to see another teacher during this time for additional individual help.

Most staff members will be assigned to a Guided Study and will assist students with this task. Each staff member is expected to check individual student grades and inform students of any outstanding and/or missing work.

### **Health Services**

The school health aide advises and assists the principal and teachers in planning and carrying on a school health program. The school nurse **DOES NOT** diagnose any condition.

## Haysville Middle School Staff Handbook

Prescribed medication is given at school only upon written request from both the lawful custodian and the pupil's local attending physician or dentist. These written requests are required before administration of either short term or maintenance medications are initiated. Prescription medication that is being administered by the school must be in the original container, be properly labeled and be properly authorized by the written order of a licensed medical person. Only oral medications should be administered except in emergency situations. Any changes in type of drugs, dosage and/or time of administration shall be accompanied by physician's orders and parental permission and a newly labeled pharmacy container.

Requirements to take over the counter (OTC) medications in school:

- An OTC medication form is completed and signed by the guardian.
- Medication is provided in the original container.
- Medication will be given per package instructions. Any dosing that is different than package instructions will require a physician order.
- Medication will be stored in a locked cabinet in the health room. If you would like your child to self-carry medication a separate form and physician order will be required.

\*Aspirin and oral homeopathic medications will continue to require a physician order\*

She/he administers over the counter or prescribed medication in the original container, Medication forms are available in the health room or the physician's order may be faxed to the school. The health nurse plans, schedules, and assists with all school screening examinations she/he interprets and follows up on all matters pertaining to the health of the pupil.

No medications, including over-the-counter medications (e.g., aspirin, cough syrup, and cough drops) will be maintained on school premises except when prescribed. Over-the-counter medications shall not be supplied by school employees or kept in athletic areas. Deciding whether any drug is needed is a form of diagnosis, and dispensing medication is a form of treatment. Unauthorized administration of un-prescribed medications shall not be practiced by any school personnel including school nurses. As stated on all prescription medication labels, "Federal law prohibits the transfer of any prescription drug to any person other than the patient for which it was prescribed."

### **Permission to Possess and Self-Administer Medication:**

To permit a student to carry and self-administer medication the following conditions must be met:

- A Request by Student to Possess and Self-Administer Medication form must be completed. The form must be signed by the parent and the physician.
- The medication must be in a protective manner that it cannot be accidentally left or forgotten. Should the medication be located or found outside of the student's possession the permission to carry medication may be revoked.
- Controlled medications are excluded and may never be carried by the student. If you are unsure if a medication is controlled, contact your pharmacy or the health room.

In order to protect students from possible serious complications and to protect other students from possible exposure to diseases, students who are ill should not come to school. It is the duty of the school to exclude any child who appears to be ill or is suspected of having an infectious or contagious disease. It is the responsibility of the parent to make such arrangements that the ill or injured student be picked up by a parent, or by the person designated to do so. Students are not allowed to walk home, ride their bike or drive themselves home. School health rooms are to care for those pupils who become ill or injured at school and the school can only offer **TEMPORARY** care and first aid. **Except in emergencies, students should always report to class first, obtain a pass and then go directly to the health room when ill. Students are not to stop between classes unless given permission by the health nurse.** Students who are too ill to remain in the classroom will be sent home. The health nurse will determine if the student is too ill to remain in school. (See medications at school)

### **HOMEWORK REQUESTS BY PARENTS**

Parents may request homework when their child has extended absences. An email notice is sent out to notify classroom teachers who normally assign homework. Homework should be sent to the office by the end of the school day on which the request was made.

**IN-SERVICE EDUCATION: BOARD POLICY GBRC**

There shall be a program of in-service education for employees, which meets minimum statutory and state board of education requirements. The program shall promote continuous professional development, diversification in academic foundations or subject knowledge, improved job effectiveness and enhanced skills. When appropriate, the superintendent shall consult with the staff about in-services.

All appropriate employees shall attend in-service education sessions unless excused by the superintendent. In-service programs may utilize all or a portion of the workday.

In no event shall any person be permitted to search a student's locker or property without the principal's consent unless the person has a valid search warrant authorizing a search.

If a law enforcement officer desiring to search a student's locker or property has a search warrant, the principal shall permit the search, which shall be made in the presence of the principal.

Prohibited items found during the search shall remain in the custody of either the building principal or the law enforcement officer. If any items are turned over to law enforcement officials the principal shall receive a receipt for the items.

**JCAC**                    **Interrogation and Investigations Conducted in the Schools**                    **JCAC**

It shall be the policy of the district that a reasonable cooperative effort be maintained between the school administration and law enforcement agencies. Law enforcement officials may be summoned in order to conduct an investigation of alleged criminal conduct on the school premises or during a school-sponsored activity or to maintain order.

They may also be summoned for the purpose of maintaining or restoring order when the presence of such officers is necessary to prevent injury to persons or property. Administrators have the responsibility and the authority to determine when the presence and assistance of law enforcement officers is necessary within their respective jurisdictions. The district's administrators shall at all times act in a manner which protects and guarantees the rights of students and parents and shall cooperate with law enforcement officials as provided in JCAC-R.

School staff members shall be informed of the contents of this policy and rules at least annually.

**JCAC-R**                    **Interrogation and Investigations**                    **JCAC-R**

**Initiated by School Administrators and Conducted by Law Enforcement Officers**

When law enforcement officers conduct an investigation and/or question a student(s) during school hours, the building principal shall make reasonable attempts to contact parents, guardian or representative of the student(s) prior to questioning. To the extent possible, reasonable requests of the parents, guardian or representative shall be observed. Notification or attempted notification of parents, guardian or representative shall be documented by the administrator involved. If a student's parents, guardian or representative is not present during questioning of a student, the principal shall be present.

**JCAC-R**                    **Interrogation and Investigations**                    **JCAC-R-2**

**Initiated and Conducted by Law Enforcement Officers**

The administration shall cooperate with law enforcement officers who are conducting investigations of suspected child abuse. (See GAAD) Law enforcement officers shall not be permitted to conduct investigations during school hours except in demonstrated emergency situations. If a demonstrated emergency is found, the principal shall require identification of law enforcement officials and reasons for the interrogation or investigation of a student. If the principal is not satisfied with either the identification or the reason, the request shall not be granted. The principal shall attempt to notify the superintendent and the officer's superiors of the reasons for the refusal.

**Violations of Criminal Law**

Information on criminal conduct shall be turned over to law enforcement officials. (See EBC)

**Taking Students Into Custody**

Students shall not be voluntarily released by school officials to law enforcement authorities unless the student has been placed under arrest or taken into custody by law enforcement or SRS. Reasonable effort shall be made to notify the student's parents, guardian or representative when students are removed from school for any reason by law enforcement authorities.

**JCAC-R**                    **Interrogations and Investigations**                    **JCAC-R-3**

Notification efforts shall be documented. Parents shall not be notified by school officials when their child is taken into custody by SRS and/or law enforcement as a result of allegations of abuse or neglect.

When a student has been taken into custody or arrested on school premises without prior notification to the building principal, the school staff present shall ask the law enforcement officer to notify the principal of the circumstances as quickly as possible.

**Disturbance of School Environment**

Law enforcement officers may be requested to assist in controlling disturbances at school and if necessary to take students or other persons into custody.

**INVENTORY**

Each teacher should have an inventory of the equipment and materials in his/her classroom. Within the first month, each teacher should add to his/her inventory those permanent pieces of equipment, which were added to the classroom during the summer. A new complete inventory is requested each May before checking out. Equipment or furniture should not be moved from the classroom unless authorized by the principal.

**KEYS**

Each staff member will be issued keys necessary to lock and unlock their assigned areas. Building keys are no longer be issued. Individuals may gain entrance to the building through the use of the District Issued

Badge. This process keeps a record of entry electronically. The principal must be notified immediately if any key, or District Issued Badge is lost. In both cases, if lost, there will be a \$20 replacement fee. Duplicate keys are not to be made. Teachers who use the facility after school hours must check all doors used to ensure that they are secured and locked when they leave. Keys or ID Badges should never be handed to a student.

### **LESSON PLANS**

It is an expectation by administration at Haysville Middle School that all teachers complete weekly lesson plans, and if requested, submit those to the administration. All staff new to the building should submit lesson plans to Mrs. Glover weekly until told otherwise. Lesson plans should be turned in prior to the first instructional period, of the first instructional day each week. Every teacher should have a set of emergency lesson plans located in their desk. These plans should include enough information for at least 3 to 5 days' worth of work. There are many occasions when individuals are called out of town in emergency situations. When this occurs, it is much easier to have plans available in your room. This saves writing plans prior to your leaving town.

### **LIBRARY – Media Center**

The Library Media Center contains a wide variety of books and other material to help you succeed at Haysville Middle School. There are materials that can be used for assignments and for your personal recreational reading. Students come to the Media Center each week at a regularly scheduled time with their language arts teacher. You may come at other times with permission from your classroom teacher. Your student identification card is required when you check out material. You will not be able to use your card if it is defaced so that your photo is not recognizable, or so that the barcode cannot be scanned. The Library Media Center does not charge fines for late books, however, you will be charged for any material that you lose or damage. You are responsible for everything that is checked out on your id card. Do not check out books for others- if you do, and they lose the item, you will be held responsible for it. You may have three items checked out at a time. Books from the general collection are usually due back in two weeks. Back issues of magazines may be checked out for three days. One magazine may be checked out at a time. During breaks, magazines may not be checked out. If you are sent to the Library Media Center by yourself, or in a small group, you **MUST** have your agenda or a pass which is signed by your teacher, and which has the time that you left your classroom. When you arrive in the Library Media Center, please stop by the counter and have your pass initialed by a member of the Library Media Center staff, or a student aide.

The Library Media Center is open to students from 7:30 a. m. until 2:50 p.m. Students may come in earlier or stay after school **if** they have written permission from a staff member. Please enter and leave the Library Media Center through the door in "A" hall. There is a security system in the Library Media Center, so if you exit the room, and do not have material properly checked out, the alarm will sound. If that happens, please return to the circulation counter. If you remove materials from the Library Media Center without having them checked out, you could be subject to disciplinary actions. A card is put in the pocket of each book that you check out. Keep the card in the pocket at all times. You will be charged .25 if you do not return the card when you return the book. If you misuse computers, or other electronic equipment in the Library Media Center, you will be subject disciplinary actions, according to building and district policies.

### **MAIL BOXES**

Each teacher is assigned a mailbox. These boxes should be checked at least once per day for various information and messages. Telephone messages will be put in these boxes. Please keep the boxes clean, as they are not designed to be used for storage.

### **PAYCHECKS**

Paychecks will be issued as per negotiated agreement.

### **PHYSICAL FORCE: NEGOTIATED AGREEMENT, ARTICLE XII: SECTON B**

While in the course of his/her employment, a teacher may use a reasonable physical force against a pupil to protect him/herself, to protect other persons, to prevent the destruction of property, or to prevent any illegal overt act on the part of the pupil.

## **POWERSCHOOL**

PowerSchool and PowerGrade are tools that enable staff to record grades and attendance; however, they also serve as a communication tool for our patrons. It is the expectation of the administration at Haysville Middle School that all staff use both of these programs to meet both stated needs, record keeping and communication. As stated in the grading section previously, it is a reasonable request for staff to post each days assignment in PowerGrade so that a patron may check their child's grades to determine if homework were assigned for that specific day. **It is also a reasonable request that grades for such work be posted as soon as possible, no later than five days following that assignment.**

## **PROFESSIONAL CONFERENCES – BOARD POLICY GAN, GAN-R**

Staff members seeking to attend professional conferences should plan on attending meetings that have a direct correlation between their teaching assignment or our building improvement plan. Prior to attending professional meetings the following materials must be completed and turned into the office:

1. Request for leave to attend the conference through the means of MyLearningPlan.com.
2. Submit an electronic requisition (e-req) to cover the registration fee.
3. Submit an electronic requisition (e-req) to cover hotel accommodations.
4. Transportation requests if a district owned vehicle is required.
5. Per Diem's are no longer allowed due to Internal Revenue Services (IRS) regulations. Requests for reimbursement shall have the following attached: receipts for transportation, parking, hotels or motels, meals and other expenses for which receipts are ordinarily available. These claims must be submitted on a district approved travel expense claim for reimbursement. Claims for reimbursement may be made up to, but should not exceed, the following amounts: The daily in-state allowance is \$30.00 (\$7.00 for breakfast, \$8.50 for lunch and \$14.50 for dinner). The daily out-of-state allowance for meals during out-of-state conferences is \$40.00 (\$8.00 for breakfast, \$12.00 for lunch, and \$20.00 for dinner). In addition, tips up to 15 percent of the meal cost are allowable for satisfactory service. The district will not reimburse any claims for alcoholic beverages.

## **PROFESSIONAL HOURS**

Teachers are assigned one plan Period, six teaching Periods, and one Guided Study period. The plan Period shall be used for school purposes on campus unless otherwise provided for by the principal. This Period should be used to plan the instructional program, prepare tests, correct papers or run material off for class. With the implementation of core content teams, and common plan time for those teams, there is an expectation of team planning. Currently this cannot and will not be mandated due to the language in the negotiated agreement. It is simply an expectation. All teachers will be assigned a Guided Study Period. Administrative discretion does allow for a non-assignment of this Period as well.

Per the negotiated agreement, each secondary teacher will have one school Period of time each day for planning during which time the teacher will have no assigned responsibilities with students. At times, it will be necessary to ask a teacher to take another teacher's class. In the event that this happens during the assigned plan time, compensation per the negotiated agreement will be in place.

## **PROMOTION AND RETENTION**

The HMS staff assumes the responsibility for designing and providing the educational plan for each and every student enrolled at Haysville schools. Included with this responsibility is the need to either "promote" or "retain" individual students for the following school year. Students shall be required to successfully complete the requirements:

- 1) Three of the four core classes (language arts, math, science, and social studies), and
- 2) Reading (unless student is exempt from, then this would be considered as an additional elective), and
- 3) One of the two electives enrolled in for the school year. (Could be two of the three electives if exempt from Reading)

If the above criteria are not met, successful completion in five of the seven classes, the student will not be considered for promotion and will be scheduled for retention in the next school year. Guided study Period will not be a graded consideration for promotion and/or retention purposes. Summer school may be an option offered for a fee. **Eighth grade students who have not met the requirements to be promoted to the 9th grade or who**

**have outstanding obligations/fees will not be allowed to participate in the 8th grade recognition/promotion night.**

### **PURCHASES BY TEACHERS**

All requests for purchase of teaching supplies are to be submitted using the electronic requisition (e-reg) system. It is important that these requests be filled out completely. Under no circumstances should purchases be made without administrative approval. The district is tax exempt, so sales tax will not be reimbursed. Requests for expenditures from activity accounts must be given to the financial secretary for administrative approval. Checks for these expenditures will be distributed two times per week.

### **RACIAL HARASSMENT – BOARD POLICY (GAACA – EMPLOYEE & JGECA – STUDENT)**

District employees shall not racially harass, or permit racial harassment of a student by another employee, student, non-employee or non-student. Neither shall a student racially harass another student or students. Violations of this policy shall result in disciplinary action, including termination of an employee, or disciplinary action against the student(s) involved. Supervisors who fail to follow this policy or who fail to investigate complaints shall be in violation of this policy. If the principal is the object of a harassment complaint, the student may bypass the principal and report directly to the superintendent. Complaints against the superintendent shall be heard by the board.

Racial harassment shall include, but not be limited to:

1. Treatment of a student differently on the basis of race, color, or national origin in the context of an educational program or activity without a legitimate, nondiscriminatory reason so as to interfere with or limit the ability of the student to participate in or benefit from the services, activities or privileges provided by the recipient.

3. Treatment, which effectively causes, encourages, accepts, tolerates or fails to correct a racially hostile environment.

Any student who believes he or she has been subjected to racial harassment should discuss the problem with his/her principal, building Title VI coordinator, counselor, or another certified staff member. Initiation of a racial harassment complaint will not cause any adverse reflection of the student. The initiation of a student's complaint shall not adversely affect the job security or status of any employee or student until a finding of fact determines that improper conduct occurred. Strict confidentiality shall be maintained throughout the complaint procedure.

### **RECORDS**

A log or record should be kept as a part of each student's record that gives detailed information about each person making a request for information. This log should list the person making the request, the date of the request and the reason for the request. A student's record is defined as encompassing everything maintained in connection with the student, including test scores, psychological examinations, and counselor notations. No information from a student's school record should be shared with anyone other than school personnel directly and consistently involved in teaching the student, without the written and informed consent of the parent. There should be no anonymous entries in a student's school record. Parent and student should have the right to correct the record of material viewed by them as incorrect, misleading, or harmful. With the exception of a transcript, all material in a student's record should be destroyed three years after he/she concludes attendance. Parent and student should be allowed to make a copy of materials in the record. Parent-citizens should urge responsible officials to use precise language and define the meanings of terms when writing statutes.

### **RESOURCE SPEAKERS: BOARD POLICY IFBH**

With administrative approval, outside speakers may be invited to meet with groups of students as part of the educational process. this policy and its rules when they are invited to make a presentation. Language cannot be used that calls for students to be disruptive.
